FIFTY-SIXTH YEAR No. 225 LINCOLN, NEB., FRIDAY MORNING, JUNE 20, 1958 SEVEN CENTS

# Children Unveil Father's Statue As LAFB Dedicates Bowling Lake Area

Two small children unveiled a statue of their father Thursday as four F-86 jet fighters dipped low in "missing buddy" formation over some 18,000 spectators at Lincoln Air Force Base.

Bobby, 10, and Rebecca, 7, undraped the statue of their father, the late Capt. Russell R. Bowling, at ceremonies dedicating the new 85-acre Bowling Lake Recreation Area named for the flier.

Capt. Bowling was killed in a plane accident while on Temporary duty in England in 1956

**Total attendance Thursday, including the crowd attending the evening show and fireworks display, was 25,000.**

TV personality Andy (Jingles) Devine accompanied the children to the statue overlooking the lake.

**Bobby stood with tears in his eyes while his sister gripped the hand of Devine, who roughly wiped a tear from his own eye with his sleeve.**

**Mother Watches**

The late flier's mother, Mrs. Leon O. Bowling, Gause, Tex.; his widow, Mrs. Mary Beck Bowling, now of Tucson, Ariz., and his brother, Preston Bowling, St. Louis, Mo., stood in the background.

Mrs. Bowling expressed her gratitude to the hundreds of base personnel who built the lake in her son's memory, and to Maj. Louis Webber of the 307th Bomb Wing at LAFB, who presented the statue. Webber was operations chief of Bowling's squadron.

Military and civilian dignitaries on hand for the dedication were Brig. Gen. Perry Hoisington, 818th Air Division commander; Gov. Victor Anderson; Acting Mayor C. W. D. Kinsey; Maj. Gen. Walter Sweeney, 8th Air Force commander; Maj. Gen. G. P. McConnell, 2nd Air Force commander, and Reps. Phil Weaver (R-Neb) and B. F. Sisk (D-Calif).

Gen. Sweeney publicly commended Gen. Hoisington and his men for "overcoming a lot of skepticism in getting this wonderful job accomplished."

Then the 3-hour Aqua-Air Show opened with several fly-overs by National Guard jet fighters and the supersonic, delta-wing, F-102.

The "Minute Men," acrojet flying team of the Air National Guard, held the crowd in suspense for 25 minutes flying difficult air maneuvers in a tight, 4-plane diamond formation.

An Army helicopter demonstrated air-sea rescue techniques by pulling 2 "ditched" fliers from the lake. The helicopter also provided an added attraction by pulling Verne Gibson, Lincoln water-skier, around the circular lake at a spray-flying, 45 m.p.h. clip.

Then the crowd saw waterskiing at its best with a 90-minute show by Tommy Bartlett's guys and gals.

The show, complete with a nighttime repeat of the waterski show, runs through Sunday.

# Chances Of Keeping VA In City Brighten

## Congressional Prober Labels Case As 'Strong'

### 'Nothing Wrong With Building'

By Nancy Benjamin

Lincoln's chances of keeping the regional Veterans Administration offices jumped skyward after 2 congressional subcommittee members investigationg the proposed move to Omaha promised further action on the "strong case" presented by Lincolnites.

At official hearings on the proposed move, subcommittee Chairman Rep. B. F. Sisk (D-Calif) told an overflow crowd at the City Hall hearing rooms, "This is not the end of this matter."

An avalanche of evidence supporting Lincoln's claims to adequate building space, and approval of veterans, other veterans organizations and VA employes themselves, was presented without dissent from proponents of the move.

The next move—expected before the adjournment of Congress this summer—is continuance of the hearings on the VA office location at a full committee session of the House Veterans Affairs Committee with Sumner Whittier, federal VA administrator testifying.

**Chances Increased**

Chances of blocking the proposed move which was reaffirmed recently by Whittier were increased further by the announcement that the House committee is now considering a bill introduced by Rep. Phil Weaver which would prohibit the VA administrator from moving any VA office or hospital without permission of the House Veterans Affairs Committee.

Another Washington source stated that many of the House committee members were irked with Whittier's statement on the proposed VA office move at a time congressmen were considering legislation which would take this sole power from him.

This was confirmed in part by the fact that Rep. Olin Teague, chairman of the House Veterans Affairs Committee, also has introduced a companion bill like Weaver's cutting the administrator's powers.

The House committee holds power—both advisory and financial — over Washington Veterans Administration officials.

**'Brings To Head'**

**Rep. Weaver reported that Chairman Teague had told him that the Lincoln situation "brings to a head" the need for this legislation.**

## Politics Denied By SEC

### ... Goldfine Case

Washington (AP) — Far from being deterred by a White House inquiry, the Securities and Exchange Commission pictured itself Thursday as a determined prosecutor of Bernard Goldfine.

The agency described as "completely erroneous" any implications that after receiving an inquiry prompted by Sherman Adams it suddenly dropped a case against Boston industrialist Goldfine's East Boston Co., for failure to file annual reports required by law.

"The case was not dropped," the SEC said. "On the contrary, it was successfully prosecuted."

The SEC statement, while directed specifically at a Newsweek Magazine report, took issue with the line pursued by Rep. Oren Harris (D-Ark) in his House subcommittee investigation of federal regulatory agencies.

**No Favoritism**

As the Federal Trade Commission had done earlier, the SEC denied showing any favoritism toward Goldfine.

Newsweek reported that an SEC complaint was filed against East Boston, a holding company, but "suddenly —on April 5, 1956—the whole proceedings were called off."

What happened on April 5, 1956, the SEC statement said, was that an agreement was reached in U.S. District Court in Boston under which East Boston was ordered to file corrected reports within 90 days and to pay $3,000 to reimburse the SEC for its cost.

The SEC said it sought an additional penalty, but the court refused to grant this request.

# Senate Votes Tax Cut

## ...Repeal Of Freight, Passenger Fare Levies OK'd

Washington (AP) — The Senate Thursday night upset administration efforts to hold the line against tax cuts by voting to repeal the 3% freight tax and the 10% tax on passenger fares.

In rapid fire order the Senate voted 59-25 to erase the levy on the transportation of goods and then 50-35 to end the tax on the transportation of persons.

The roll call votes came on amendments to a House-passed bill to extend corporate and major excise tax rates for a year beyond June 30.

The amendment repealing the 3% freight levy also eliminates a tax of 4 cents a ton on coal shipments. Not affected are pipe line shipments. The 3% freight tax applies to bus lines, trucks and airplanes as well as the railroads.

Repeal of the freight tax would cost the federal Treasury an estimated 470 million dollars and that of the passenger fare tax an estimated 215 million.

In all, the corporation and excise rates which the administration seeks to continue add up to $2,600,000,000 in annual revenue.

**First Upsets**

The 2 votes were the first upsets suffered by the administration and Republican and Democratic Senate leaders in their efforts to keep the House bill free of revenue-cutting amendments.

Earlier in the day the Senate turned down 59-32 a proposal to repeal the 10% excise tax on new passenger autos and to cut the tax on trucks from 10 to 5%.

Foes of the freight levy argued that it was different from all other excise taxes in that it applies to everything and pyramids each time something is shipped.

## HAIL-HIT WEST TO GET RAIN

Cooler temperatures and more showers were predicted for Nebraska Friday, following hail storms in western Nebraska that caused several million dollars damage.

Scattered showers and thunderstorms, primarily in the western sections, are expected Friday and Friday night. Temperatures are expected to range in the 70s.

Wednesday and Wednesday night, a hail storm peppered the Panhandle, causing an estimated $2,000,000 damage to small grain and corn crops in Box Butte County.

The Box Butte county agent reported a 24 by 12 mile strip in the northeast part of the county suffered losses ranging from 25 to 100 percent of the crops planted.

Showers again spread over western Nebraska Thursday night.

Hottest spot in the state Thursday was Alliance, where the mercury hit 84. Sidney reported the low of 50. Lincoln recorded a high of 83 and low of 62.

## Strength Of Townsend's Opponents Undetermined

### ...For Demo State Chairman

By Don Walton

A simmering pot of Democratic controversy over State Chairman Willard E. Townsend of Lincoln spilled over Thursday and swirled about the announced candidate for re-election at Saturday's Democratic state convention in Omaha.

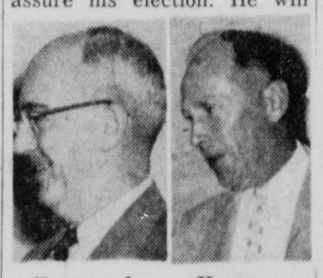

Whether it was deep enough to drown Townsend or even hot enough to burn him could not be immediately determined.

That answer will have to await Saturday balloting, or better yet, huddled conferences of Democratic leaders in Omaha Friday, meetings which could iron out interparty bickering before it reaches the convention floor.

Anti-Townsend forces are backing Newcastle implement dealer Russell Hanson for the chairmanship.

**If Sufficient**

Hanson told The Star he would announce his candidacy in Omaha Saturday if he finds sufficient backing from the 405 delegates (most of whom are expected to show up) to assure his election. He will quietly bow out if substantial support is lacking, Hanson indicated.

Townsend Hanson

At the same time, Townsend said he would withdraw as a candidate should he find the tide running against him.

Thus, chances of a major floor fight seem slim unless delegates appear to be evenly divided prior to the convention opening at 10 a.m., or unless one man drastically overestimates his strength.

County party leaders and unnamed state candidates said to be concerned over an empty Democratic state treasury and the recent borrowing of $2,000 by the state organization have been quiet-

## Hagerty Had Free Vacation

### Club Picked Up Florida Tab

Tampa, Fla. (AP) — Presidential press secretary James C. Hagerty received a free 5-day vacation last year at the exclusive Ponte Vedra Club near Jacksonville Beach, the Tampa Tribune said Thursday night.

J. P. LeMaster president of Ponte Vedra Corp., told the newspaper the club refused to let Hagerty pay the $260.97 bill.

Hagerty and his wife were guests from Jan. 27 through Feb. 1.

The bill included room, meals, tips, golf fees and free golf lessons.

"When he got here Hagerty insisted on paying his bill," LeMaster told the newspaper, "but we wouldn't let him do it."

**Paid Pro**

In Washington, Hagerty said:

"The account is correct as reported, except for one thing. I did pay for my golf lessons. I personally paid the club pro.

"I did insist, as the account says, on paying my entire bill but the club would not let me do so.

## New Inflation Round Feared

### ... U.S. Steel May Hike Prices

Pittsburgh (UPI)—U. S. Steel Corp., the nation's biggest steel company, revealed Thursday it may raise its prices in 2 weeks, raising fears of another round of inflation.

Clifford F. Hood, president of the company, said that wages were due to go up automatically in July and that "some degree of relief through higher prices must therefore be given the serious consideration which it deserves."

If U.S. Steel raises its prices, other steel companies are sure to follow. This increase probably would be passed on to the consumer in the form of higher prices for cars, appliances and other products which use a lot of steel. Manufacturers' products, such as turbines and machines, also would cost more.

The last round of steel price hikes—$6 a ton—came in July 1957.

Hood said that increased costs couldn't be offset in full by economies or increases of productivity.

The "big steel" president said under the company's 3-year contract with the United Steelworkers Union employment costs on June 30 will be raised automatically about 5½% or more than 20 cents an hour.

"We already have incurred, without a price change, an additional 5 cents an hour so-called cost-of-living increase on Jan. 1 of this year," he explained.

Hood said since July 1957, when steel prices were last raised, the company has absorbed other cost increases, such as state and local taxes, transportation costs and increases in prices of goods and services purchased.

# GOP Badly Split On Adams

## KNOWLAND IS FEARFUL

Washington (AP) — The Sherman Adams case stirred up new repercussions Thursday with Senate Republican Leader William F. Knowland suggesting Adams may be hurting Eisenhower administration policies.

On the other hand 4 Republican senators came to the defense of Adams, President Eisenhower's chief assistant. They commended Eisenhower for not being "stampeded" into firing Adams and said the White House aide "should now be given a chance to do his job."

Adams has been under fire from House investigators for contacting federal agencies on behalf of an old friend, New England industrialist Bernard Goldfine, who had paid some of his hotel bills and bestowed other favors on him.

Sen. Frederick G. Payne (R-Maine) said he got information from one of the agencies—the Securities and Exchange Commission—about a case involving a Goldfine firm. Payne also told a reporter he has stayed in Boston hotels at the Boston industrialist's expense. Previously he said he accepted a coat from Goldfine.

Payne said an SEC lawyer gave out information about a Goldfine case at a meeting attended by Sen. Norris Cotton (R-NH), who is from Adams' home state. Cotton confirmed he attended the meeting but said he took no part in the discussion.

## Dosek Files Counter Suit Asking $4,987

*...Against Bonding Firm*

Edward A. Dosek of Lincoln, unsuccessful candidate for the Democratic gubernatorial nomination in the May election, Thursday filed an answer to a suit filed against him March 27 in Lancaster District Court.

Dosek claims in his answer and counter-petition that the Lincoln Bonding and Insurace Co., which he formerly headed, owes him a total of $4,987.07. The firm had alleged in its petition that Dosek owed it $5,745.16.

Dosek denies the firm's claim that he drew more wages than he was entitled to, declaring that his monthly $500 salary "was authorized by a duly cast vote of ⅔ of the policy holders of said company." The firm had alleged he was not authorized a monthly salary of more than $416.

Also denied by Dosek is the allegation that he owes the firm money which he collected for insurance premiums but failed to pay to the company.

In his counter-claim Dosek alleges money is due him in connection with a lease he gave the firm for its headquarters at 1311 M, for his back salary, for a bond account and for interest on a note. He said an audit performed this June revealed that the money was due him.

## TOWNSEND CONTESTED

(Continued from Page 1.)

ly lining up support for Hanson for several weeks.

The support is said to have originated outstate.

Big question mark in the secretive maneuvering is National Committeeman Bernard Boyle of Omaha, long the acknowledged big man in state party circles.

Rumors have persisted that Townsend and Boyle have been fueding. Hanson told The Star that he has talked with Boyle concerning the chairmanship.

**Originated Outstate**

"He called me," Hanson admitted under questioning.

Boyle, angered by printed speculation that he is backing Hanson, confirmed that he had spoken with him.

"I called him concerning tickets for the Jefferson-Jackson Day dinner (Hanson is Dixon County chairman)," Boyle said. "I told Hanson anybody has a right to run for state chairman, but I haven't taken any part in it."

"I haven't decided who I'm for, but may Saturday," the national committeeman said. Boyle is a voting delegate.

Hanson, active in state, district and county Democratic circles, said "this whole thing is being thrust on me." Asked to elaborate, he balked, repeated his decision would come Saturday.

**Financial Criticism**

Told that anti-Townsend criticism seemed to center about the financial situation, Townsend said:

"The present Democratic state program, including the hiring of an executive secretary (Robert Conrad of Genoa) and the recent borrowing of funds, was established as the result of a conference of Democratic leaders last fall, endorsed by the state central committee and implemented by the executive committee, of which the national committeeman is a member."

Boyle told The Star: "I have nothing to do with funds. By-laws leave fund-raising to the state central committee."

**'No Ambitions'**

"I have no personal political ambitions, and if the party prefers unity with a different chairman, that's okay. My interests are their interests," Townsend said.

Chairmen of the big 98-delegate Douglas County and 38-member Lancaster County delegations said they were uncertain how their delegates would vote Saturday.

A Clifford Anderson of Lincoln said: "I don't know how Lancaster County will go, but I have no reason to suppose that the delegation will not support Townsend."

**Face To Face**

Whether the inter-party strife, which one prominent Lincoln Democrat termed "petty bickering," will burst openly on the convention floor may well be decided when Townsend and Boyle come face to face.

It is believed that Hanson would have to receive the open backing of Boyle to win. His outstate support, however substantial it may be, will be considerably weakened if many delegates decide not to make the long trek to Omaha.

The final decision could be made in a downtown office on Farnam St., Friday hours before most convention delegates converge on the big city to make their choice.

## Butler To Blast New GOP 'Animal'

Democratic National Chairman Paul M. Butler's address before the Nebraska Jefferson-Jackson Day Dinner Saturday night in Omaha is expected to be a "rip-snorter."

That is the belief of Democratic National Committeeman Bernard J. Boyle, who said Butler "is going to lay bare a lot of things about the newest animal to become known in North America, the 'vicuna fur-bearing Republican.' "

Boyle said Butler's speech is being revised but he has not yet approved a final draft. Butler spoke in Gary, Ind., Thursday.

Boyle said Butler earlier had planned to devote practically all of his Omaha address to the subject of agriculture.

"Agriculture must take a back seat to 'broken campaign promises,' 'high cost of living,' 'inflation,' 'corruption,' and 'graft,' " Boyle said.

"Secretary Benson, however, will come in for his share, and Butler is expected to reveal some hitherto little known or unknown things concerning the way the Agriculture Department has been conducted under Mr. Benson," Boyle said.

## NY Professor: Give Children Decision Task

"The teacher's approach should give children an opportunity to make decisions and examine them, and to arrive gradually at a more mature judgment," Dr. Lucille Lindberg of Queens College in New York City said at the University of Nebraska.

Dr. Lindberg, in Lincoln as a visiting professor for the summer session, led a clinic on "Teaching Moral and Spiritual Values in This Age of Advanced Technology."

Although schools do not bear the entire responsibility, they must play an important part in the development of moral and spiritual values, she said. She observed that in this age of technology, one lives so fast that one must be able to trust the next person.

The professor criticized the false assumption that when a child is told of a value, he follows it, and then when children talk about values, it determines their behavior.

# CITY'S VA HOPES SOAR

(Continued from Page 1)

Neb) heard almost 3 hours of testimony for retention of VA offices in Lincoln before Chairman Sisk "recessed" the hearings to be continued later in Washington. The record was left open for further testimony.

Rep. Sisk commented on the hearings as presenting "an outstanding case for Lincoln's position." He added that he was especially impressed with evidence showing the many "connecting links that fit in so well" between state VA offices and the many other veterans agencies now located in the state capital.

**'Nothing Wrong'**

**"I didn't find anything particularly wrong with the present building (at 12th and O)," he added after his tour of the Veterans Administration quarters.**

He also commented he was "assured that there would be no trouble in filling any vacancies in the new Omaha federal building" because it was a "longstanding national trend" to require more space than was expected for federal offices.

**Testifying**

Testifying Thursday were: Tom Pansing, head of the Chamber of Commerce special committee on VA affairs; R. C. "Pat" Patterson, state American Legion adjutant; Harold F. Hoppe, Chamber president; Ashley Westmoreland, former VA regional office manager; Louis R. Eby, director of the State Department of Veterans Affairs; Eldon E. Bowman, VA office employe; E. C. Sanderson, American Legion state service officer; Dale Bowman, state commander of the Veterans of Foreign Wars, and John Curtiss, member of a special Chamber committee. Present VA office manager A. H. Duxbury also was questioned.

Pansing led off the attack against the proposed move by testifying that neither veterans or the VA employes wanted to move. He cited a survey showing 95% of the regional office employes opposed to the move, with 50% stating they will quit or retire rather than leave Lincoln.

"I have heard of only 2 responsible people who believe the move to Omaha would be for the best . . . Sumner Whittier and one lone VA employe who lives in Omaha and must commute to Lincoln each day," Pansing said.

The packed hearing room at the City Hall included at least 80 VA regional office employes who arrived promptly after the 4:45 p.m. closing of the office to show their approval of the local officials' testimony.

Pansing pointed out that "this loss of trained personnel will be almost staggering" and estimated that moving costs and termination pay alone would amount to about $50,000.

He added that other buildings suitable for VA housing were examined by the committee—the former State Farm Insurance offices at 10th and O, and the Bankers Life Bldg. at 14th and N.

**'Breathtaking'**

Pansing charged that Whittier had "dismissed the matter with a bureaucratic wave of his hand" and had failed to comply with a request from Nebraska's Sen. Carl Curtis for information and cost figures on the reasons for the move of the Lincoln office.

"This bravado toward a U.S senator is breathtaking." Pansing said.

Rep. Weaver, who took a secondary role in the hearings and allowed the subcommittee chairman Rep. Sisk to ask a majority of the questions, introduced the only reply from Omaha sources on the subject of the proposed move—a letter sent to him by Omaha Chamber President Ralph Svoboda.

No Omaha representative was at the official hearing.

Svoboda's letter detailed the Omaha Chamber's response "at direct inquiry" from Whittier "of supporting reasons which make such transfer logical and economical."

**Read In Papers**

Hoppe testified that the first notice of the move of the VA office he received "was when I read about it in the papers" late in 1957.

"One of the things that concerned us most is that we didn't know at what time this move was started or by whom," Hoppe explained.

Westmoreland, who retired last year, also expressed concern over how the VA federal officials and the General Services Administration came to the decision for the move of the regional offices.

"I am in the dark on how they got the estimate," Westmoreland said about the 23,000 sq. ft. reserved for the Lincoln offices in the proposed new Omaha federal offices. "They didn't ask me or tell me about it," he added.

Rep. Sisk questioned Westmoreland closely on the condition of the present office building at 12th and O and about any complaints from veterans about the facilities.

"I have not received one complaint about the building," Westmoreland answered. He added that he had been office manager for 11 years.

**Close Association**

Dale Bowman, Patterson and Eby, reiterated testimony that their offices depended on close association with the regional VA offices, and loss of efficiency and service would result from the move.

John Curtiss, final witness for the Lincoln cause, stressed that the new Omaha offices would "result in an added cost of $22,000 annually during the first 25 years of occupancy." This he based on the cost of the present Lincoln facilities.

Curtiss called the method in which the proposed transfer had been made public by a former VA administrator "a pitiful story of backstage scheming, skullduggery and misinformation."

Speaking as a Veterans Building Corp. official, Curtiss pointed out that the Lincoln offer to hand over the Lincoln VA building to the government after 17 years of leasing "still stands."

**Question Session**

A. H. Duxbury, present VA regional office manager, was called upon by Rep. Sisk to answer questions after the formal testimony had been given.

The manager related that a thorough survey of the Lincoln offices had been made by a Washington VA officer.

The manager said that "I feel we are providing adequate service," and that the office could provide the same service from Omaha "if we could retain our trained staff," but added that "a great number" of his employes had indicated they would not make the move.

## 10 Hurt In Panic Aboard Burning Elevated Train

Chicago (UPI) — At least 10 persons were injured Thursday night in panic-stricken fight to get out of a burning car on Chicago's elevated railway system.

Police said the total of injured might rise to 15, but no one was seriously hurt.

The panic broke out when the rear trucks of the fifth car on an 8-car train caught fire. The southbound train pulled into the Loyola Ave. station and the packed passengers began fighting to get out of the 2 open doors.

## 11-Year-Old, Impaled On Pole After Jump, Serious

An 11-year-old Lincoln boy was seriously injured Thursday afternoon in an accident at the Boy Scout Camp at 1st and Van Dorn.

Dep. Sheriff Ron Burns reported Tim Gillispie, son of Mr. and Mrs. Willard A. Gillispie of 6710 Morrill, was impaled in the lower back when he jumped from a ladder leading to an observation tower and landed on a pole. Burns said Gillispie apparently did not see his troop's flag pole beneath him and jumped from about 7 feet up.

A second boy tried unsuccessfully to move the pole in time, Burns said. Gillispie suffered internal injuries and also received a rib injury when he fell back against the ladder after the mishap.

He is listed in serious condition at a local hospital. He and his Boy Scout troop were visiting the camp at the time the accident occurred.

## 30 Nebraska Presbyterian Women To National Meeting

*... At Purdue June 25th*

Thirty women of the Nebraska Presbyterial Society plan to attend the 5th quadrennial national meeting of Presbyterian women's organizations to be held at Purdue University, Lafayette, Ind., June 25-July 1.

# Russians Make Sweeping Change In Agriculture System

## ...Products On Money Basis

Moscow (Friday) (AP) — The Soviet Communist party's Central Committee announced Friday the abolition of compulsory deliveries of collective farm products to the state. The system had been one of the main bases of the Communist agricultural setup.

Payment in kind—in grain and other products—also is to give way, it promised, to compensation under a new system of prices for farm products.

This apparently drastic revision of the Soviet agricultural purchasing network was announced without specific detail after a plenary session of the Central Committee in Moscow Tuesday and Wednesday.

Premier Nikita Khrushchev has been a foremost advocate of overhauling Soviet farm policies as part of the campaign to overtake the United States in agricultural production.

The committee named 2 new candidate members to the party presidium, but there was no major shakeup.

One is N. V. Podgorny, first secretary of the Ukrainian Communist party, who is considered a protege of Khrushchev. The other is Premier D. S. Poliansky of the Russian federation, largest of the Soviet Union's republics.

## Purge Hinted

**Warsaw, Poland (UPI)—Polish sources reported Thursday that former Soviet Foreign Minister V. M. Molotov has been replaced as ambassador to Outer Mongolia and is under surveillance in Moscow.**

The report, coming after the execution of Imre Nagy and other Hungarian revolution leaders, gave immediate rise to speculation that a new and perhaps bloody purge was in the making in Russia.

The sources said that Molotov still held his title as ambassador, but that a "special envoy" had been made chief of the Soviet diplomatic mission in Ulan Bator, the Mongolian capital.

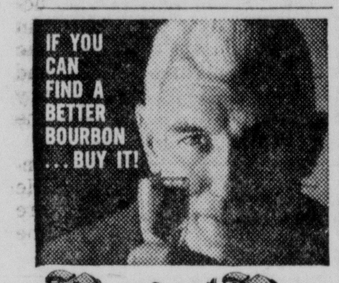

They stressed that Molotov's replacement was not just a charge d'affaires—a diplomat acting in the absence of his chief.

**Full Story Untold**

The Polish sources said they did not know the full explanation for Molotov's reported recall, but they speculated it was for one or both of these reasons:

—Forces within the Kremlin are lining up for a showdown fight for power and Premier Nikita Khrushchev wants the last of the "old Bolsheviks" where he can keep his eye on him.

—Khrushchev suspects Molotov of using the Outer Mongolia post as a base for close contacts with the Chinese Communists.

## TV Show Official Fired After Balk At Red Hearing

New York (AP) — The stage manager of the television show "I've Got A Secret" was fired Thursday after he refused to say whether he had ever been a Communist. He did tell a congressional subcommittee he is not one now.

The stage manager, Joseph Papp, worked for the Columbia Broadcasting Co. He said he also has managed the free Central Park Shakespeare Festivals.

Papp was one of 18 witnesses who went before the House subcommittee on un-American Activities during a 2-day hearing here. All but one invoked the Fifth Amendment against self-incrimination. That one took the first amendment, guaranteeing freedom of speech.

One of those who balked, Charles Dubin, was fired as director of NBC's televised quiz show, "Twenty One."

## Clatonia Man Pleads Guilty To Non-Support

Clarence Geistlinger of Clatonia pleaded guilty Thursday in Lancaster District Court to a non-support charge.

Judge Harry A. Spencer deferred sentencing pending an investigation by the Adult Probation Office. Geistlinger, 44, is charged with failing to support his wife and 2 minor children 30 days prior to Jan. 25, 1958.

## Pact Signed

London (AP)—Russia and Poland signed a new pact regulating the activities, services and facilities of Soviet troops in Polish territory, Moscow Radio said.

Details were not disclosed. The agreement appears to spell out how Red Army men must conduct themselves in Poland.

## Boy, 12, Badly Burned Trying To Fire Rocket

Omaha (AP) — A 12-year-old Omaha boy received second degree burns on his stomach Thursday as he and a friend were getting ready to fire a home made rocket.

The boy, Lee Eagleson, was taken to Childrens Hospital by a Fire Department rescue unit.

His companion was 12-year-old Art Jetter.

Rescue squadsmen said the homemade rocket was made of a piece of copper pipe and flares used by truckers. The launching pad was a piece of board on which an angle-iron was mounted.

Fire Investigator Walter Downey said the boys had taken part of the powder from the truck flare and had put it in the three-foot length of pipe.

The remaining portion of the flare had been ignited and with this the boys were trying to pre-heat the powder in the rocket, the investigator said.

## Launching Delayed

Cape Canaveral, Fla. (UPI) —The Air Force postponed a scheduled test launching of its Snark intercontinental guided missile because of unspecifiied "technical difficulties." The 5,500 - mile Snark, a swept-wing pilotless bomber built by the Northrop Company, has been flown successfully dozens of times in the past from here.

## Former Lincolnite Gets One Year On Check Charge

A former Lincoln woman was sentenced to a one-year term in the Women's Reformatory at York Thursday in Lancaster District Court on a no-account check charge.

Mrs. Hazel J. Williams, 23, pleaded guilty before Judge Harry A. Spencer to violating the terms of the 2-year probation she had received in Jan. 1955, on a charge of "issuing a check with intent to defraud." Judge Spencer then sentenced her on the original check charge, which involved a $7 no-account check she admittedly issued Dec. 23, 1954.

Mrs. Williams was returned to Lincoln from Iowa where she just completed a reformatory sentence for passing bad checks in that state, officials said.

# The Place Of The Press

By WILLIAM O. DOBLER

Freeloaders, cynics, obstructionists, sadists—those are a few of the terms which some people might be applying to the press in view of certain news developments. In Washington, Rep. Charles Gubser, California Republican, made this statement:

"I was dismayed to see some of the members of the press (at the House subcommittee hearing at which Presidential Aide Sherman Adams was questioned) in obvious glee this morning because they were able to write a story and make an honest man dishonest in the eyes of the public. I should not say this, but there is no greater group of freeloaders in the world than the press. They will take anything they can get. They criticize our junkets, yet they are the first to accept them for themselves."

**Newsmen On Junkets**

**In addition to this, there is the current conflict between the county commissioners, meeting as the Board of Equalization, and the members of the press over the question of open and closed meetings. In both of these cases, there are some important considerations involved — considerations that mean a great deal, not to newspapers, but to the public.**

Let's look first at Rep. Gubser's accusations. The term "freeloader" was not popularized by Gubser or any other public official. It was popularized by newspapermen themselves as a joke. Freeloading is not taking anything you can get, but rather, accepting what somebody is pushing at you.

★

There isn't an individual or a group who would have any harder time getting a story to the newspapers by going up to the newsroom than by putting the story out over free cocktails or a steak dinner. Any time what we know as freeloading carries even a hint of influencing the news, you won't find any honest newspaper men there. And the ones who would be there are few and far between. And Gubser would search forever to find a newsman who has been in the Adams bracket of freeloading.

**Gubser evidently includes the taking of trips as freeloading also. True enough, the press can be found on many a junket that it will criticize in one way or another. But the press is not responsible for these junkets. The trip is made to report to readers the news in connection with it. And while there undoubtedly are some, the number of free trips would be few and far between, also.**

★

In connection with all statements made by Gubser it might also be pointed out that there is a distinct difference between private and public business. If a newspaper wastes money on sending its men to all parts of the nation and world, it is the company's money. But when public officials take wasteful trips, it is throwing away the money of other people.

**Gubser's dismay of the "obvious glee" of newsmen in anticipation of printing a false story is nothing but a wild stretch of an overly active imagination. Quite naturally, the newsmen attending the subcommittee hearing were tense and anticipated a big news event.**

The story on Adams was the biggest news development of the week and his appearance before the committee was an historic event. A physician may take great pride in the successful performance of a difficult operation but it can hardly be assumed from this that he is gleeful over the unfortunate sickness or injury of his patient. A judge has great respect for the law and pride in his profession but it cannot be assumed from this that he is gleeful over the sentencing of a criminal to the electric chair or life in prison. A newsman also has pride in his work and enthusiasm for what he believes is a good news story but it cannot be assumed from this that he is gleeful over the fact that the story is offensive to certain interests or individuals.

**True Pride In Workmanship**

As to whether the stories written on the hearing made a dishonest man out of an honest one, that is a matter of opinion. The stories carefully related exactly what Adams said and many words have been printed on the defense of Adams by Presidential Press Secretary James Hagerty and the President. If the public concludes any dishonesty on the part of Adams, it is an opinion based on the facts contained in the stories, not on false stories.

When a party or person is accused of something, it is the belief of the press that integrity demands an answer. It is for this reason that our position is being stated in the Gubser case. The county case on closed meetings will be discussed tomorrow.

*"All We Want Is The Truth As We See It"*

# Adams Political Implications

In some respects, the climax of the Adams case has been passed. President Eisenhower has said he has no intention of ousting his chief assistant. Thus, the case is now rested by final judgment by the public and a verdict at the polls in November.

This has brought on a round of speculation on the political implications of the case. Even a majority of Republicans are of the opinion that the case will have an adverse effect upon the party's chances in the fall. But this will be true for two reasons.

There will be some disadvantage from the fact that there will be voters who believe Adams was wrong, should have been fired, and their faith in the administration has thus been destroyed. But there will also be the realization that there can be no utopia, regardless of where you look.

In its early years, the Eisenhower administration has succeeded in creating in the minds of the people the false illusion of a perfect man—a man who could do no wrong and whose character was beyond the possibility of stain. There are no such men in the world and the Adams case has reaffirmed this.

In the fall, it will be again a case of one party against the other, one candidate against the other. It will be a contest between more or less equals and between relative capabilities. There will be no party running with a halo around its head and with immunity from the popular concept of politics.

Perhaps some will think it is a rude awakening and for those who swallowed the sleeping pills, it probably will be. But the country is better off knowing that friendships, money and influence will always have a part in governments as it has in business and industry. It does not necessarily have to be a harmful or destructive part but its existence should be recognized.

# Democratic Party Unity

As the Democratic party state convention in Omaha Saturday draws near, things are shaping up for what could be a major split in the ranks. The split, if it comes, will be over election of a new state chairman, a post now held by Willard Townsend of Lincoln.

Reports are that another top party official, Bernard Boyle of Omaha, is backing Russell Hanson of Newcastle. There is no argument with Boyle's action as he has a right to back whatever candidate he sees fit. There is no argument with either Townsend or Hanson as both have every right to seek any office within the organization that suits their fancy.

But the Democratic party will be doing itself and the people of Nebraska a disservice if it creates a division within itself that weakens the structure. The party will have enough to do in the coming election working as a team without the handicap of a major split. If party workers and officials start fighting among themselves, then they can write off their November chances in Nebraska right now.

If the convention cannot solve the problem that might confront it in this case, then it might just as well leave other problems alone. It would do no good to adopt a platform as a divided organization cannot sell any platform to the public. If the split that is reported is developing, it is time that those within the party put their personal interests second and the organization first.

# Dollar Days

Dollar Days have a familiar advertising ring for the people of Lincoln. It means a period of days in which the merchants are offering special values to attract customers. But if the U.S. currency were in the shape of France's, it would be dollar days every day, according to President William A. McDonnell of the U.S. Chamber of Commerce.

It would not be dollar days in a sense of values but dollar days in a sense of quantity of bills needed to transact any business. Advertising during such a time would include such bargains as a low-priced car for just $250,000 and hamburger for $50 a pound. A $100,000 life insurance policy, said the Chamber president, would keep a widow in a second-class boarding house for 10 months.

The Chamber, of course, uses the inflation scare to knock legislation with which it does not agree. This, they have every right to do, despite the fact that we would differ on what legislation is good and what is bad. But despite this difference, it must be granted that inflation is a problem.

It is a problem along with other economic factors such as the growing unbalance between production and demand. It is because of these problems that the time has come for a much more thorough study of our economic system than has ever before been undertaken. Unless this is done, future years could sorely tax the preservation of our present way of life. Without a sound economy, no form of government could survive against the threat of Communism.

## A Nice Guy

A tip of the hat and the heart to the truck driver who stopped his ponderous vehicle in the midst of busy traffic on South Cotner boulevard, and climbed from the cab to lift a tiny kitten from the street and carry it back to the safety of its own yard. Such compassion for the helpless and frightened is a rare commodity in these days when heartlessness and hurry seem to be twin bywords.

## Receiving Gifts Is Nothing New

WASHINGTON — A lot of people, including Republicans, have been heaping fire and brimstone on the gray head of Sherman Adams for taking an assortment of gifts from a friend for whom he did federal favors. However, without shedding too many tears for sanctimonious "Sherm," it's only fair to look at the general framework in which he operated.

**It is not against the law for the President to receive gifts from Americans as long as he performs no special favors for them. But no president in recent history has received so many gifts as Eisenhower.**

Ike's Gettysburg home is virtually furnished with gifts, including a mechanized kitchen presented by a top electrical manufacturer. One donor gave 400 nut trees, another 48 Norway spruce trees, another 50 shrubs, another a putting green plus maintenance at about $1,000 a year. A total of 55 head of cattle, plus one pony and one stallion have been gifts; together with a $4,000 tractor with FM radio and cigarette lighter, various farm implements, a corn planter, a disc harrow, and a side-delivery rake.

**So many gifts have been received that an extra electric range and grill plus a huge walk-in storage freezer have been stored in the garage because there is no place for them in the house.**

There is no evidence that the President has performed any favors for the donors, though the most expensive gifts of all, the $200,000 cabin and other improvements built at the Augusta golf course, come from a group of men who are high up in big business and most of whose firms are recipients of government contracts.

A huge chest of silver with service for 18 was given the President by Sir Peter Roberts, master cutler of England.

It is in the accepting of gifts from foreign governments that the President and vice president may be in hot water. For not even a set of postage stamps can be given the President by a foreign government. President Roosevelt, a stamp collector, used to look longingly at the stamps sent him by foreign governments, but sent them over to the State Department vault to be kept until he left office.

**Mrs. Roosevelt once received an aquamarine from President Vargas of Brazil, but gave it to the Roosevelt Library at Hyde Park. When Mrs. Harry Hopkins received a necklace from Lord Beaverbrook, there was a deluge of criticism despite the fact that Beaverbrook was a publisher, had no connection with the British government.**

☆ ☆ ☆

In contrast, Vice President Nixon's home is studded with gifts from foreign governments, in flagrant violation of the first article of the Constitution. The gifts include a teakwood chest inlaid with mother-of-pearl, presented by Mme. Chiang Kai-Shek; a beautiful Oriental rug from Prime Minister Nehru of India; a set of lacquer coffee tables from the Vietnamese ambassador; some bizarre masks from the Queen of Thailand; a buddha head from the king of Afghanistan, and many others.

**When Nixon returned recently from South America, he brought with him three huge crates of presents, delivered in a special government truck to the Nixon home.**

Ironically, though Nixon talked about his wife's "Republican cloth coat" in his famous TV-broadcast defending his $18,000 personal expense fund, Mrs. Nixon now has a fur piece made of Afghan lamb pelts, a gift from the government of Afghanistan.

So when you see old Sherm squirming over his gifts, you have to remember that he has precedent in very high places.

## The Princess Lived Happily Ever After

MONACO—One of our kids, making his first flight across the Atlantic, was seen soberly, writing in a new diary he had bought for the occasion. He accidentally left the ledger open on my dresser today, and I was too weak to resist the temptation of reading the page that was visible. Turned out to be his account of the flight. He scribbled:

**"I get so scared flying here that I promise that if we don't crash I won't go to see the Folies Bergere when we visit Paris, France."**

A noble resolution.

☆ ☆ ☆

Princess Grace, lovelier looking than ever, iced a famed Hollywood news hen the other night at the Sinatra opening and the lady was fit to be tied. Recalled how grateful her serene highness used to be for a plug, back in the days when she was Miss Kelly. Same thing has happened to successive waves of visiting U.S. reporters who somehow assume Grace and the prince are just dying to spend a few hours being interviewed.

Grace needs another interview about as much as she needs a hole in her 14th century palace. She's a happy, devoted mother who had her fill of tinsel and puff and wants to live her new life—not rehash the old one. Her work with the United Nations Relief Fund, and other charities, takes a good part of the day. She spends more time with the children than many mothers can or will. Her husband is a home body, so she has made a home for him. She doesn't want people marching through it.

**Some of her old-time friends say that the crown has gone to her head. We wouldn't know. She looked like the life of the party at her table after the Sinatra screening, laughing and joking with the star on one side and Producer Frank Ross on the other, and the people across the champagne-filled table. Grace wears glasses for such occasions, now, but they don't detract from her clear golden beauty one bit.**

The girl is living out a role much more enchanting than anything Hollywood ever offered her. The films have seen the last of her. She's got a contract now that has no 13-week clauses. She and her dashing prince give every evidence of playing out the last line of their Hans Christian Zanuck fairy tale — by living happily ever after.

# A Declaration Of Inadequacy

WASHINGTON—President Eisenhower has thrown himself upon the mercy of the court.

Sherman Adams, the indispensable man, will stay at the President's right hand, though the price is a double standard of morality as between the White House and the rest of the government.

**"I need him," the President said starkly. It was a poignant, if appalling, moment. The oldest reporter could not remember ever hearing a president make such a public plea of personal inadequacy.**

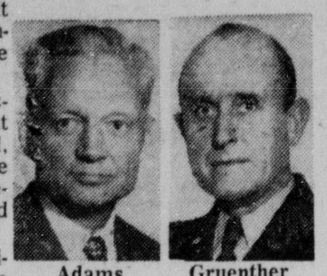

The President had asked earlier "What is truth?" In the Adams case. But somewhere in those zero hours when Adams was confronting the Harris subcommittee, Eisenhower faced up to an Adams-less load of work and found the prospect bleak.

The President at that point decided not to stay for an answer, though he must have realized that the Harris subcommittee hearings on the Adams dealings with Bernard Goldfine are far, far from ended. The hearings cannot and will not now be stopped.

☆ ☆ ☆

But the sympathy the President engendered with his three small words was quickly damaged by the sharp command to newsmen —and by implication to the American people—to say no more about it.

It occurred to some reporters instantly that the duty of the massed press at that point, denied the right to do their job, was to say, "Thank you, Mr. President"—the time-honored press conference finale—and walk out. For while the President may think he has made up his mind, the story is not over; it is running on like Tannyson's Brook.

Adams Gruenther
. . . disaster area . . .

**Such a walkout would not be practical; some thousand rugged individualists make up the Washington press corps, which is probably for the best in the long-run. So they rushed to wires, telephones, TV and typewriters to have the last word, as usual, in their news cutlets.**

Within minutes the new joke went the rounds: Congress now will have to impeach Adams. Why? Because he's President.

☆ ☆ ☆

The jokes are the real nuclear fission in the situation. They flourish under such conditions like the green laurel tree and they cannot be stopped or smothered.

There is always a first time in any history, but all the lessons of experience show that the President's party cannot take such embarrassments and never have. Adams, the unhorsed crusader, may still operate from the White House, but he is operating from the dust, and Republicans know they simply cannot be flecking that dust off the cut-rate vicuna coat this fall and in 1960.

Only five years ago Democrats learned this again the hard way despite the enormous eloquence and prestige of a new candidate, Adlai Stevenson. Harry Truman kept his old friends, who were infinitely less consequential and guilty of lesser misdemeanors, but the public rendered the verdict and it murdered the Democrats twice.

**The President's pro-Adams argument was not complicated. In essence, he said that when Democrats accept something of value, it's a bribe. When Republicans do it, it's a gift.**

Politicians had already raised the question of Eisenhower's utter reliance upon Adams. It is valid up to a point. But Adams has assistants and the President has other smart friends, such as Gen. Alfred M. Gruenther, now president of the American Red Cross. Gruenther could be rushed into this disaster area.

### Hound Dog

Lincoln, Neb.

To the editor of The Lincoln Star: Some Republican office holders who must face the voters this fall also would like to see Adams go. So—

Mrs. Adams predicts that they'll hound him
'Til he's forced from the national scene.
Will the hounds of the hounders who hound him
Be the hounds with "hound's teeth" that are clean?

Or hounds of Republican hounders
With political axes to grind,
Who strike from within his own party
With their own re-elections in mind?

Their people back home don't like Adams,
And would have him tossed out on his neck.
They must fix their political fences
Or, with Adams, go down in the wreck.

These candidates, if they continue
To feed from the government trough,
Must make the right guess on the problem
Of Adams; hounds on or hounds off.

We Democrats watch with amusement
As the pressure keeps building up strong.
Let's add one more hound to the picture
By reviving Champ Clark's "Houn' Dog" song.

### The Record

Upland, Neb.

To the editor of The Lincoln Star: It would seem that GOP inconsistencies have overtaken our farm surpluses and the wolf's teeth are beginning to show and the magic wand artist is just another fairy tale. Sherman Adams is just another link in a chain of events since 1952 that have been pointed out to us as they happened "by our most worthy news writers" that have lowered us from the highest prestige of all time to the lowest of all time. And I wish to back Hoover's statement that the Nixon trip was a good thing, as it showed us what these countries think of us. It proved what we should have known — that if you travel west, you land on the west coast.

Our descent has been continuous and certain, and we have been lulled by beautiful words and false promises that would have put Little Red Riding Hood to shame. Ike is still acting true to form. First Nixon's boo-boo on radio that did not explain his financial affairs in the slightest degree. Yet Ike took him in the fold where of course he belonged. "Birds of a feather." Then the Korean unconditional surrender and freeing 150,000 soldiers to fight again in Indochina. Then the deplorable handling and unconditional surrender of Indochina and proving to France that our word was no better than Russia's. Then Ike's promises to the farmer of 90 to 100 per cent parity, then in complete reversal, backing Benson on trying to cut farm parity to 60 per cent. Then reversing the Supreme Court on offshore oil. Then Dixon-Yates. Then stopping prosecution of the exporters for mixing hog feed in our good wheat exports. Then stopping prosecution of the Goldfine wool frauds. And the humiliating farce at Geneva.

And the Nixon good will trip was designed in an effort to prove that our prestige was still intact and to boost Nixon for 1960! It proved that the countries visited were actually spitting in the face of the United States. If that makes him a hero, let's have no more heroes for president. We have one too many now, and are faced with realities that require deeds, not words.

### Modern Esaus

North Loup, Neb.

To the editor of The Lincoln Star: Surely the time will come when the President and his right-hand man will be required to pass an intelligence test — at least on memory.

Esau sold his birthright for a mess of pottage. He was probably very hungry.

Eisenhower and Adams, representing the greatest country on earth, sold out for vicuna coats.

Who knows? Maybe they are only half vicuna.

A born diplomat might have held out for a portion of Asia, and stopped some of the scrapping there. Maybe a portion of Jerusalem.

The Polk Progress lists, also, the conversational distinguishers between the fisherman and the non. Little tufts of floating seed from the cottonwoods have some mystic sign to the rod-and-reelers that either they're biting or they're not biting. Just before a rain, a non-fisherman closes the windows . . . the fisherman goes fishing . . .

"The guts of a chicken are a beautiful sight to behold to all fishermen. They have visions of a large catfish gobbling a hook loaded with 'em. The guts of a chicken are—ugh—garbage to all non-fishermen."

A Loup Valley Queen writer thinks it is more or less a waste of time for Callaway folk to bother with grass and flowers when it would be such a simple matter to start a wood lot of elm trees. The makin's are plentiful at the moment, with seed sprouting by the hundreds in every yard . . .

"So easy to pull when tiny . . . so tenacious when they reach six inches in height . . . and when they are a foot high, it takes the axe to fell them."

A Cambridge mother was assessing blame where no blame belonged, in the Case of the Disappearing Spinach . . .

She had a few choice unladylike words for the neighberhood rabbits who, apparently, were keeping the tender shoots of the vegetable sheared off to ground level. Then she found out that her two youngsters had been a bit oversold on the Popeye campaign of muscle-building and were beating the bunnies to the treat . . .

If it had been peas instead of spinach under discussion, we could have said that she couldn't see the peas for the forage . . .

It's mushroom season again, and Mrs. Lester Eastwood has heard of Pawnee Countians gathering them by the bushel. She isn't sure whether or not she's ever eaten wild mushrooms, but if she has and had known it, she would have felt like a bacteriology professor she once had . . .

# Mrs. Howey Senior Citizens' Interim Chairman

Mrs. Walden Howey has been named interim chairman of the Lincoln Senior Citizens Community. The Rev. James Lyon, associate pastor of the First Presbyterian Church, was named interim vice chairman.

The Lincoln Senior Citizens Community is a group interested in building housing for elderly and retired persons who want comfortable living quarters with the companionship of other aged persons.

Other interim officers include Mrs. Fern Orme, recording secretary; Mrs. Lester Piper and Miss Helen Becker, corresponding secretaries; Mrs. George Abel, treasurer; C. Petrus Peterson, legal advisor; and Frank Shugrue, financial adviser.

**Board Members**

Interim board members are Mrs. Velma Hodder, Mrs. Elden Hitz, Mrs. Blanchard Anderson, Willis Johnson, Mrs. Lois Weaver and the other interim officers.

Committees were named to explore different aspects for construction of about 80 living units for the aged. An apartment-type structure was suggested which would probably require a square block of land. The apartment would have private and central dining facilities.

It is undecided as to whether the location would be edge of the downtown area or a suburban area.

**Non-Sectarian**

The proposal is for a nonsectarian unit supported in interest by church and women's organizations. The building would include a chapel, dining room under direction of a dietician, minimal nursing care, safety construction, beauty shop with a barber, small auditorium, and infirmary for minor illnesses.

About 90% of the financing would be by an FHA 40-year mortgage loan at 4½ interest. Those staying in the building would pay a fee for both equity ownership and monthly rentals.

Robert Guenzel, president of the Lincoln Hospital Board, discussed what services would be available from hospitals on a contract basis.

A survey of potential demand was to be undertaken by women's clubs.

## Autopsy Shows Hastings Lad, 13, Died Of Drowning

Hastings, Neb. (AP) — Hastings City Attorney Al Madgett said Thursday night that an autopsy revealed that 13-year-old Henry W. Miller Jr. died Wednesday night as a result of drowning.

Madgett said lacerations on the youth's head may have been sustained as the boy dove into the Hastings Aquacourt Pool. The body was discovered by lifeguard Dave Williams.

The drowning was the first since the Aquacourt opened in 1952.

Services for the youth will be held at 2 p.m. Saturday at the Hastings Zion Lutheran Church.

## Court Rules Six At Ft. Monmouth Improperly Fired

Washington (AP) — A 3-judge panel of the U.S. Court of Appeals ruled unanimously Thursday that 6 employes of the Army signal center at Ft. Monmouth, N.J. were improperly fired as security risks in 1954.

Government lawyers interprated the opinion as meaning the 6 are entitled to reinstatement with back pay of about $180,000. They were fired during an investigation conducted by the late Sen. Joseph R. McCarthy (R-Wis).

The Justice Department began an immediate study of the opinion to determine whether to ask the Supreme Court to review and overturn the appellate court.

## Stay Asked By Connelly And Caudle

St. Louis (AP)—The question of a last-minute stay of imprisonment which could precede a new trial for 2 former Truman administration officials is now before a federal judge.

T. Lamar Caudle and Matthew J. Connelly are scheduled to surrender in St. Louis Saturday to start serving 2-year prison sentences on their conviction of conspiring to defraud the government by fixing an income tax case involving Irving Sachs, St. Louis shoe executive.

Their attorneys have filed motions for a new trial, based on sworn statements by Harry I. Schwimmer, formerly an attorney for Sachs and once a co-defendant until he became ill during the trial.

First, however, the question of a stay of imprisonment must be decided by Judge Archibald K. Gardner, chief judge of the 8th Circuit Court of Appeals. Stay motions have been filed in Minneapolis.

Why is Snow Crop orange juice called "HOME-SQUEEZED" STYLE?

Snow Crop is known as "home-squeezed" style because it's the one frozen orange juice that retains the *real fruit* particles of the whole orange—doesn't strain them out as other frozen juices do. Snow Crop is so different, you can actually see the fruit particles floating in your glass! Snow Crop's *flavor* is different, too. It always tastes like it was just squeezed in your own kitchen minutes ago—it's never thin, never watery like ordinary juices. And Snow Crop is every bit as good *for* you as it tastes. It's pure juice from tree-ripened oranges, chock-full of strength-giving, body-building Vitamin C and other important food benefits essential to your daily diet. It's even recommended for babies! Try Snow Crop—the "home-squeezed" style orange juice—today...and see for yourself why it's "top of the crop"! The finest quality juice you can serve.

# $1.27 Million Pacts Set On Wage-Disputed Omaha Interstate Interchange

Announcement of contract awards on the highly controversial interstate interchange at 114th and L near Omaha was made late Thursday by State Engineer L. N. Ress who said the job was given to 3 contractors for a total of $1,270,671.

The interstate interchange has been the subject of a hot dispute between Ress and the U.S Department of Labor on the wage scales set by the Labor Department.

Ress has maintained wage scales set by the federal government were based on metropolitan wage scales rather than rural scales and too high for the area.

The Department's estimate on the project was $1,300,000.

Peter Kiewit and Sons Co., of Omaha was awarded the pavement and culvert contracts for a total of $1,247,563; Wrenn and Taylor of Grand Island received award of the contract for guard rails at $8,853, and the Platte Valley Construction Co., of Grand Island was awarded the contract, for fencing at $14,254.

The interchange was part of the state's Thursday letting of contracts totaling an estimated $9.5 million, largest in history.

Ress said Highway Department statisticians completed the work on the interstate interchange bids ahead of others in order to award the contracts ahead of the 90-day deadline on the wage pre-determinations.

**Friday Deadline**

Under Labor Department regulations, their wage predeterminations are in effect 90 days after their announcement, and that 90-day period is up Friday.

Deputy State Engineer Henry Schlitt said the Department would work "probably until midnight Thursday" to compute the bids to determine the low bidders.

Ress said the Department was using its "electronic brain" for the first time in computing bids "to see if it will speed up the process."

Announcement of apparent low bidders on the other projects involved in the letting is expected by mid-morning Friday.

## Abandoned Wife Had $17,000

Inglewood, Calif. (AP) — An attorney says the wife abandoned by a Caltech scientist 6 years ago built up a nest egg of more than $17,000 for herself and child.

The woman is dead, the child has been adopted and the scientist, by some strange metamorphosis he can't even explain himself, is now a racetrack groom at Hollywood Park.

Facts in the weird case continued to unravel Thursday.

The story broke when a tracing of fingerprints finally revealed that a racehorse groom known as Al Reese actually was the missing scientist from California Institute of Technology in Pasadena. His real name is Albert Clark Reed. He is 51.

**Walked Out**

He freely admitted that he walked out of his home, his career and life in Pasadena on July 7, 1952 and never went back. Since then he said he has been drifting around the racetracks. Reed says he loves horses and wants to continue working with them.

An attorney from nearby Long Beach told reporters that almost by accident he discovered Mrs. Florence Reed, his wife, had left considerable sums in safety deposit boxes when she died in 1952.

Ironically, she also was interested in the horses.

The attorney Harold Frerks, said a note indicated $2,000 in one safety deposit box had been won betting on the horses.

The attorney said Mrs. Reed cut her husband off without a cent in her will although she never gave up the belief he was alive.

## Philippines Chief Says His Nation Wants No 'Grant'

Washington (AP) — President Carlos P. Garcia of the Philippines said Thursday his country does not want any handout or grant from the United States—"We want development loans on a strictly business basis."

Garcia discussed the Philippine situation in a talk at the National Press Club, in which he also promised to solve the 'problem of corruption" troubling his government.

The Asian leader is seeking about 350 million dollars in financial assistance from the United States, and he outlined his plans this way:

"What we need immediately is a credit line against which we could draw from time to time for such specific development projects as the considered judgment of Filipino experts would deem to be wise and prudent. We do not want any handout or an outright financial grant."

## Newly-Appointed Deputy Sheriff On Night Patrol

Harlan E. Kendle, 32, of 1824 So. Cotner, new Lancaster County deputy sheriff, will be assigned to the night patrol.

Kendle

Kendle, formerly a State Penitentiary officer, has been a member of the Sheriff's Posse, volunteer auxiliary.

With the hiring of Kendle, Sheriff Merle Karnopp has a staff of 10 deputies and 4 jailers.

## Parole Officer Choice Expected Next Thursday

The State Board of Pardons and Paroles Thursday failed to name a chief parole officer for the state.

The Board, meeting at the State Reformatory for men, said it probably would meet next Thursday to name a successor for Caryl A. Steyer, who has accepted a position as Dodge County youth counselor in Fremont.

Four names reportedly have been submitted to the Board for consideration.

## Plan Rejected

Ankara (Friday) (AP)—Turkey rejected the new British Cyprus plan as such. But it said the plan might be considered as Britain's idea for settling the island issue in any future talks between Britain, Turkey and Greece.

The Foreign Ministry said in a statement the proposals outlined by Prime Minister Macmillan in London could not be accepted as the only plan.

## AF Rascal Is Launched By Stratojet

Eglin Air Force Base, Fla. (AP) — A Rascal, new air-to-ground missile, was launched successfully over the Eglin Gulf test range by a B47 Stratojet of the Strategic Air Command Thursday.

The Air Force had announced a previous successful firing at the White Sands, N.M., proving grounds Feb. 17.

The 34-foot missile landed well within the target area, the Air Force said. The test was one of a series over the expanded range.

The Rascal has a range of more than 100 miles, travels at supersonic speeds and can operate at an altitude of more than 50,000 feet. It is carried beneath the wing of the plane.

The missile—4 feet in diameter — can carry either an atomic or hydrogen warhead. It bore neither Thursday. A liquid propellant is used as the fuel for its rocket engine.

## Judge Approves Integration Plan

Nashville, Tenn. (AP) — Federal Judge William E. Miller Thursday approved the Nashville School Board's grade-a-year desegregation plan.

The 2nd grade will be desegregated this fall, the 3rd grade a year later. The process will continue until racial segregation is eliminated in 11 years.

Miller held that the plan is in keeping with the concept of all deliberate speed set forth by the U.S. Supreme Court and added that "local conditions call for the application of a local remedy,"

are bugs eating you out of plants and blooms?

Look at your leaves for danger signs

Then apply ISOTOX Garden Spray, containing Lindane, Malathion and DDD. This time-saving spray controls more than 43 kinds of destructive garden insects!

Hardened buds ... distorted leaves? Check for aphis. ISOTOX controls aphis.

Chewed-up leaves may be clues to Japanese Beetle damage. Spray with ISOTOX at first sign of insects or damage.

Streaked blooms and foliage often caused by thrips. ISOTOX checks infestations.

Silvered leaves usually mean red spider mites. ISOTOX Garden Spray kills 'em.

Mottled leaves on rhododendrons, azaleas, camellias may indicate lace bugs. Spray with ISOTOX when bugs first appear.

Defoliated fruit trees may mean caterpillar damage. Use powerful ISOTOX to K. O. caterpillars.

It's easy as watering to apply ISOTOX Garden Spray with the ORTHO Spray-Ette, garden hose attachment.

BLACK SPOT on your roses?
BROWN PATCH on your lawns?

ORTHOCIDE Garden Fungicide (captan) effectively controls black spot on roses; brown patch on lawns; damp-off on bulbs, seeds and cuttings and many other plant diseases.

Why is Snow Crop Orange Juice called "Home-Squeezed" Style?

Because it retains the *real fruit* particles of the whole orange—doesn't strain them out as other frozen juices do. That's why Snow Crop looks and tastes like it was just squeezed in your own kitchen —always full-bodied, never thin or watery. Try Snow Crop "home-squeezed" style frozen orange juice today. It's "top of the crop"!

You get a Cleaner Wash with CLOROX

Whitest and Brightest!

You add *extra cleanliness* to your wash every time you add Clorox to your washday suds. White cotton, linen, nylon and rayon come out extra white... *extra clean!* Colorfast cotton and linen come out extra bright ...*extra clean!*

Clorox does a better job of bleaching and stain removing than any other type of washday product on the market. If you want the cleanest wash you can get, you want a wash that's *Clorox-clean!*

# SISK QUESTIONS NEED FOR MOVE

By Betty Person

The chairman of the House subcommittee investigating the proposed move of VA regional offices from Lincoln to Omaha said Thursday he questions "whether there is justification for the move."

Rep. B. F. Sisk (D-Calif) made the statement shortly after his arrival in Lincoln with Nebraska's First District Congressman Phil Weaver to inspect the VA Building and hold a late afternoon hearing on the proposed move of the offices.

VA Administrator Sumner Whittier has said the VA offices may possibly stay in Lincoln if facilities can be found equal to those available in a new federal building in Omaha.

After a brief inspection of the Lincoln VA building, both congressmen indicated they saw "nothing wrong with it" and Sisk commented he thought it "adequate for the needs."

Whittier had specified in particular inadequate elevators and fire escapes.

Sisk inspected the fire escapes and said he thought they were adequate and "in keeping with those of surrounding buildings" and stated it seemed to be "not too valid a complaint."

The California congressman queried VA Regional Office Manager A. H. Duxbury about the elevators and building conditions in general who answered that there has "never been any trouble . . . no particular congestion . . . and no lost time from any injuries" in connection with the facilities.

The VA has 143 employes in the Lincoln VA Building and uses the upper 6 floors or about 60% of the building space.

**Omaha 'Neutral'**

Weaver has taken a strong stand to keep the offices in Lincoln and Sisk said one thing in Lincoln's "favor" is the "sort of neutral attitude of Omaha" which has made no fight thus far to get the VA offices.

Rep. Sisk said he was "concerned" about "unjustified moves of VA facilities across the country" and declared it will be "necessary to show due cause for any moves."

The House Veterans Affairs Committee member said the "ultimate purpose of the Committee is to protect the welfare and well-being of the veterans," adding that the decision in Lincoln will be based on "what is best for the veterans."

Weaver and Sisk also paid a short visit to Veterans Hospital and commended Dr. Melvin Boykin for his administration of the facility and his "ingenuity in figurng out ways to get things done."

## Ban Approved

Washington (UPI) — The House Commerce Committee approved legislation that would ban switchblade knives from almost all interstate commerce.

It also would ban the manufacture, sale or possession of switchblade knives within territories and possessions of the United States.

## 'Throw Book' At Parolees Who Commit New Crimes—Vic

*. . . 8 Reformatory Inmates Paroled*

When a parolee commits a crime, he "ought to have the book thrown at him," Gov. Victor Anderson declared Thursday at Reformatory hearings of the State Board of Pardons and Paroles.

Criticizing county attorneys who do not file new charges when a parolee commits a crime, Anderson indicated that merely sending the parole violator back to prison is not enough.

Such a parole has "violated our trust" and should be prosecuted for the new offense, he said.

Of 8 Reformatory inmates given hearing Thursday, indicated they had drinking problems. But they said they expect to do better once released.

"If I can do without liquor for 18 months, I can do without it for good," said one inmate.

All applicants were granted paroles, 7 effective this month and the eighth in October. The group included:

Charles R. Wright, 32, Broken Bow, uttering false affidavit and violation of bench parole, 1 to 3 years from Buffalo County, 1957; paroled in October.

Marion L. Cowan, 39, Des Moines, Ia., issuing check to defraud, 1-2 years, Buffalo County, 1957; paroled.

David Baker, 27, Fremont, statutory rape, 7 years from Douglas County, 1956; paroled.

Edward Anderson, 41, Omaha, forging endorsement, 2-3 years from Douglas County, 1957; paroled.

Bernard M. Fielder, 55, Fairbury, third offense drunken driving, 27 to 36 months from Jefferson County, 1957; paroled.

Charles Wolfe, 22, Niobrara, breaking and entering, 1-3 years from Knox County, 1957; paroled.

Jack Worth, 19, Mitchell, grand larceny, 1-3 years from Morrill County, 1957; paroled.

Everett L. Bluebird, 27, Alliance, breaking and entering, 1-2 years from Sheridan County, 1957; paroled.

## Field Captured

Jakarta, Indonesia (UPI)—Indonesian troops have captured Mapanget Air Field 10 miles from the rebel capital of Menado in North Celebes, the Army announced. Observers here predicted the collapse of the rebel forces by the end of the week.

## Blast Kills 1

Manchester, England (AP) — Premature firing of an explosive charge killed one man and temporarily entombed 12 others in a coal mine tunnel 900 feet below the surface. Other miners opened an exit for them. All were brought up, one by one, in a mine bucket.

# Stanton Delaplane's POSTCARD

Down to the mail box this morning and find interesing news from Fiji: The free Fiji island which I spent a lot of time trying to win, is back on the market.

"It's a never - never land, all right," said Mr. Kent Shelby who won it. "And that the way we feel about going back."

☆ ☆ ☆

The Fiji island was 4½ acres. It was given away for the best last line in a limerick. And I poured out my poetic soul trying to grab off this Elysian real estate. I poured out a good deal of Tennant's beer, too. Nothing.

I was sitting on the front porch of the Grand Pacific Hotel in Suva when the news came out.

Miss Ava Gardner was making a picture called "The Little Hut."

**As a publicity venture, the studio decided to give away a South Seas island. The news was passed along to me by a man from the Fiji Visitors Bureau. And I was probably the first person in the South Seas to get on the end of a sharp pencil.**

As I remember, the poem went something like this:

"On an island with nothing else but
"Some coconut trees and a hut
"Two guys and a dame
"Played the something-or-other game . . ."

You were then supposed to put a last line on the thing. Best line won the island, an outboard motor, an outrigger canoe and various canned goods.

☆ ☆ ☆

I produced some wonderful lines. After all, I was right on the ground. Surrounded by little huts, you might say. My mind was filled with pictures of the lazy life: Sitting around in my outrigger. Trading my native handicrafts to the tourists or diving for coins.

☆ ☆ ☆

It was a bitter disappointment when I heard that a Mr. Shelby of Long Beach was winners. I did not think much of his last line either. I cannot even recall it. I have good recall and can recite "Curfew Shall Not Ring Tonight" at parties.

Well, about a year has passed. And Mr. Shelby is back from 4½ acres of Paradise.

It seems the Fiji British do not care to have people living in coconut huts. Or diving for coins. They want people to live at the Grand Pacific. And if they must have words with the frizzy-hair Fijians, the conversation should be confined to "bring one more beer."

Also the movie studio backed out of the deal when Shelby would not bring his wife along. (In the picture, Miss Ava is alone on the island with two gentlemen. And if I told you the plot, the way it was in the original paly, we would never get into print.)

# McElroy Foresees Bigger Defense Budget

Quantico, Va. (AP)—Secretary of Defense Neil McElroy said he can foresee a further reduction in military manpower, but a bigger spending budget coming up in the next year or two.

Sec. McElroy

He told a news conference the Defense Department's proposal for an Army force of 870,000 and Marine Corps of 175,000 in the next fiscal year seems "valid to me."

The House has voted to raise authorized Army strength to 900,000 men and the Marines to 200,000 despite lower Pentagon recommendations for the coming year.

To a question about the budget, McElroy replied that "I would say there still would have to be some increase" in the fiscal 1960 budget over the fiscal 1959 figure—which probably will be about $40,800,000,000. Fiscal 1959 starts next month.

**"Pretty Breezy"**

Asked about speculation that eventually the military budget might mount to 60 or 70 billion dollars, McElroy first replied that this seemed like a "pretty breezy figure." Then he commented that if costs of new and old weapons continued to increase, it might not be too difficult to conceive of that size figures.

As weapons come along with "more and more destructive power," McElroy said, their cost rises. But at the same time these weapons mean that the same mission can be performed with fewer people, he added.

**By Edwin B. Haakinon**

Washington (AP)—Career heads of the Air Force and the Navy gave strong backing to President Eisenhower's defense reorganization plan.

But the 2, Gen. Thomas D. White of the Air Force and Adm. Arleigh A. Burke of the Navy, differed somewhat over how they would proceed if they disagreed with decisions of the joint chiefs of staff or the secretary of defense under the proposal.

White told the Senate Armed Services Committee he objected to a provision, added by the House when it passed the reorganization bill, which would allow him or any of the other chiefs of staff to appeal a dispute directly to Congress.

**Long Delay Possible**

"This could hold up action for many months on a change of major importance to the security of our country," he said.

Under questioning White said he would never use this recourse.

"I think it would be wrong for me to step out of line as a member of the team," he said. "I'd resign first and then possibly go to Congress."

Burke agreed with White that it probably was not necessary to spell this procedure out in law, but added:

"If I felt that the security of this country was involved, I would feel it my duty to protest until I was heard."

Burke added that he did not expect such a situation to arise because he said "the joint chiefs are reasonable people and I can't conceive of that coming about."

## Mr. Brokaw, Retired, 83, Dies Here

### ...Ex-Rail Express Supt.

George C. Brokaw, 83, of 1712 So. 49th, retired Railway Express superintendent, died Thursday morning.

Deputy Sheriff William Johnson, acting coroner, reported the death was a suicide by shooting.

Found after the shooting by his wife, Maude, he was taken to a local hospital, where he died.

A resident of Lincoln for 12 years, he had been with the Lincoln Railway Express for 11 years. Previously he had served with the Detroit, Mich., office for 27 years.

He was a 50-year member of the Brooklyn Lodge 454, AF&AM, and a member of the Royal Arch Masons.

Surviving are his wife, Maude; daughters, Miss Francies Brokaw and Mrs. Margery Giddey, both of Detroit, Mich.; sister, Miss Maude Brokaw of Bucyrus, O.; granddaughter, Mrs. Robert H. Miller of Ferndale, Mich., and 2 great-grandchildren.

## Net Not Needed

London, Ont. (UPI) — Authorities took out in a speed boat after a 100-pound sea lion that escaped from a zoo here and made a bee line up the Thames River toward Lake Erie.

The searchers took nets and a wire crate along, but they were told they would not need them.

The instructions that came with the sea lion when it arrived from Los Angeles recently said that when anyone yells "boo" at it, the animal paddles ashore, flops over on its back and whimpers.

## Colorado Wins

St. Paul, Minn. (UPI) — Vanda Jones, 19, a shapely, hazel-eyed model who has already won the title of Miss Colorado, was chosen queen of the National Press Photographers Association.

The Lakewood, Colo., girl won out over 27 other beauties at the association's annual contest to select "Miss Press Photographer."

# Don McGinley Raps Adams 'Wolf Pack'

McGinley

Ogallala — "The political wolf pack after a wounded public official is heartless and demanding," State Sen. Don McGinley declared Thursday in reaction to the Sherman Adams incident.

"Once the accusing finger has been pointed at [illegible] office holde[illegible] the force of public opinion distorts the picture and the man is usually mortally wounded," he said.

McGinley, 2-term Nebraska legislator and now Democratic candidate for Congress from the Fourth District, said only people who have been in public office really know the extreme pressure under which the official works, and the influence that is attempted to be exerted upon him.

**Unwilling Guest**

"On a few occasions as I prepared to check out of a hotel," McGinley said, "I have found the bill was paid and one finds that he has been the guest of someone without having the opportunity to make a decision upon it."

McGinley added, "We are in a poor position out here in Nebraska to judge Sherman Adams in Washington. The only thing that this incident proves again is that there is no deity in government. The Eisenhower of 1952 who ruled by divine right is certainly a human Eisenhower in 1958.

"The decision as to the future of Sherman Adams is in the hands of those two men—Eisenhower and Adams — by the rules which they themselves have used for others," McGinley concluded.

## SEE FATHER'S STATUE DEDICATED

Rebecca Bowling, 7, and her brother Bobby, 10, stand beside their father's statue as it is unveiled at dedication ceremonies for the Lincoln Air Force Base lake named after Capt. Russell R. Bowling, a base B47 pilot killed in a crash in England. With the youngsters are TV Star Andy Devine and Maj. Lewis Webber of LAFB's 307th Bomb Wing, who presented the statue. The late flier's wife is shown in the separate picture. **(Star Photos)**

## North Platte Area Harvest To Start By Middle Of July

North Platte, Neb. (AP) —The wheat harvest in this area is expected to begin by the middle of July.

The Nebraska State Employment service said temporary offices will be set up for harvest help and combines.

Eldon E. Peterson, state farm placement supervisor, is coordinator of the statewide plan whereby labor and machines are routed to places they are needed most.

Temporary harvest offices will be established at Grant, Ogallala, Alliance, Imperial, McCook, Chappell, Kimball and Benkelman.

"It appears that there will be plenty of combines and men this year," Peterson said.

"The next 10 days will tell the story of our harvest," he added. "If the weather continues good in the southern states the harvest will proceed smoothly and the movement of men and machines into Nebraska will be steady."

## Bus Overturns After Collision; 2 Persons Hurt

Paintsville, Ky. (AP)—A Greyhound bus with 16 passengers aboard overturned on a hilltop near here Thursday night after colliding with a car.

No one was killed. A woman passenger, Mrs. Lula Mae Burchett, 29, Columbus, Ohio, was reported in fair condition with a neck injury.

The car driver, Walter Vanhoose, 35, Paintsville, also was in fair condition with cuts. They were the only ones kept in a hospital.

State trooper Jack Roberts said Vanhoose apparently crowded the bus on the hill and that the collision occurred after bus driver Kendal Newman slammed on the brakes.

Roberts said the bus wheels evidently locked when the brakes were applied. Traffic on U.S. 23 was blocked by the overturned bus.

## Mom Held After 3 Children Found Tied With Rope

Chicago, Ind. (AP) — A 30-year-old mother was held for investigation Thursday after police reported they found 3 of her 4 children tied to an apartment radiator with a rope.

Police went to the apartment when neighbors complained that the children, up to 4 years old, were crying. A 4-month-old baby was found in its crib.

Mrs. Arcadia Serrano, 30, was held in the Indiana Harbor Jail after she went to the police station to inquire about the children. Police had taken the children to St. Catherine's Hospital and then to the Lake County Children's Home in Gary.

# LINCOLN STUDENT REAPS MORE HONORS AT CORNELL

Henderson

While Nebraska's educational setup received more verbal blasts this past week, the capital city's school system reaped a reward--from some 1,600 miles away.

A 20-year-old Lincoln youth, a product of 3 Lincoln schools, has won more in a long list of honors.

A sophomore at Cornell University at Ithaca, N.Y., Arnold Henderson of 928 Clark has been named assistant director of next year's theater productions by the school's drama department and has been elected treasurer of the dramatics club.

These positions are not too unique by themselves—except for the fact that until 9 months ago the recipient of the posts was majoring in mathematics and physics.

**Critic, Writer**

But theoretical physics and math gave way to a stronger interest in English and dramatics. At present, Henderson plans a career as a literary critic and creative writer, as well as English teacher.

His switch was not unrewarded nor unproductive this year. He was named best student director of the year for his direction of the play, "The Late Christopher Bean" and he was appointed to Cornell's play - reading committee, which selects the coming year's productions.

The Cornell Alumni News, commenting on his role in Bernard Shaw's "Misalliance," said the drama department was to be congratulated for a "rare comedy find" in Arnold Henderson from Lincoln, Neb. Henderson played the part of Baker, a humorous young radical in the play that revolved about a marriage plot.

Although only a stone's throw away (a couple of hundred miles) from Broadway at Cornell, Henderson's parents give credit for his Thespian ability (and previous scholastic honors) to his Lincoln educational background. He attended Randolph Elementary School, Irving Junior High and Lincoln High.

**Scored High**

With a physics background in high school, Henderson received high score in the state on the regents exam and won a General Motors scholarship, which he turned down to accept a National Merit Scholarship.

In addition to his high school background in physics and drama—in high school roles from hermit to hero—Henderson has one other link to the 2 subjects. His mother, Mrs. Sidney Henderson is a poet (her most recent was "From The Middle West," a book of poems, published in 1950) and Mr. Henderson is a statistician in the economics department at the University of Nebraska.

## Polaris Missile Rises From Sea In 'Hop-Up' Test

San Clemente Island, Calif. (UPI)—A bright yellow inert Polaris missile plunged from the surface of the sea 100 feet into the air as the Navy unveiled its "hop-up" underwater launching test program on the sea range of the U.S. Naval Ordnance Test Station here.

The "hop-up" Polaris fell back into waiting nets after the test.

Polaris is the Navy's 1,500-mile ballistic missile that will be fired from submerged atomic powered submarines.

"The data gathered in this underwater test has substantiated many of our beliefs," said Capt. D. K. Ela, head of the launcher handling branch for the Navy. "Polaris is advancing more rapidly than we actually anticipated."

The Polaris is the Navy's entry into the IRBM field, and is different from the Army's Jupiter and the Air Force's Thor. It is designed for surface ship and submerged submarine launching rather than from land sites.

**... By House, 345-12**

Washington (AP) — The House passed 345-12 Thursday a bill authorizing President Eisenhower's plan for stepping up exchange of atom weapons information with allies.

The measure is expected to get quick consideration in the Senate, possibly Friday.

Lowering substantially but selectively the walls of secrecy around U.S. nuclear weapons production, the legislation would permit an ally already capable of producing atom weapons to exchange know-how and materials for weapons production with the United States.

Defense and Atomic Energy Commission officials have said repeatedly that the only nation now qualified for such exchanges or likely to qualify any time soon is Great Britain.

# 1958 Girls State, Boys State Legislatures Enact Laws, Approve Resolutions

## ★ ★ ★ ★ EDITORS GIVE VIEWS

Editor's Note—As a feature of the annual Cornhusker Girls and Boys State, The Star has asked the editors of the respective publications to write a guest column. Linda Jensen of Grand Island, editor of the Girls State publication, and Bennie Nelson of McCook, editor of the Boys State publication, complied with this request, and their columns are presented in today's paper.

**By Bennie Nelson**

For a number of years, Nebraska has been the acknowledged leader in the Boys State program. Now, the originator state has over 300 members this 18th year. These boys come from various towns throughout the state and are said to be the "cream of the crop."

Nelson

It has been my privilege, this year, to represent the McCook American Legion Post as a Boys Stater.

These citizens of their temporary habitats are the citizens of tomorrow's Nebraska and America.

As we learn our government through this process of participation, we become better acquainted with the whole governmental organization. We feel closer and have a keener appreciation of the basic fundamentals of our government. Our sessions are taught by one of or perhaps the best faculty ever assembled for instruction. These men are trained in the fields of teaching, judiciary and law.

Instruction isn't the only asset we receive from Boys State; we find fellowship with new boys from other towns. By the end of the week, each "Stater" has made at least 75 new friends.

Among some of the activities which bind us together into a "brotherhood of cheerful service" are the city groupings, the recreational program and the various offices that we hold.

At Boys State we learn to live with 2 strangers that we may never have seen before and enjoy their company by the end of the week.

Boys State is truly a "once-in-a-lifetime" experience and one that should be cherished for years to come.

As we draw near the close of this week-full of excitement, fun, learning and fellowship, we look back at a fairly close schedule — a schedule which has set up a program of acquainting us with Nebraska government.

I'm sure that everyone here at Boys State wishes to thank the counselors, officials, the American Legion, The Star and other public relations outlets, and everyone else who has made possible this inspiring experience at Boys State.

**By Linda Jensen**

Bright blue beanies, old gold ones too—the preceding is an adequate description of the personnel of 1958 Girls State.

The delegates, 300 strong, are proud of their respective parties and support them to the highest degree. No matter if they proudly wear the Federalist gold or sport the Nationalist blue, they each strongly contend that their party's candidates are the better qualified.

Linda

Girls State—today's conditioning of tomorrow's faithful leaders.

One, when wandering around the University campus, is ever aware of the band of girls walking hand in hand to their meeting places while displaying a jesting manner and an alert sense of observation.

As a representative of Girls State, I would like to take you on the inside of this busy week for 300 Nebraska high school juniors. For each of you, I am conducting a personal peek into Girls State, 1958.

The most outstanding point is the humbleness of the delegation toward the people of Lincoln, the University and those affiliated with the American Legion and the Legion Auxiliary.

Through the unselfish generosity of University officials, Girls Staters have received innumerable benefits. In building strong leaders. the best facilities, both tangible and intangible, are the main ingredients. In the girls' estimation, this goal has been reached many times over.

To the people of Lincoln go our heartfelt thanks for truly making us feel like kings with golden keys. The Auxiliary officials know how we feel by just listening to the Staters loudly sing their Girls State song.

As we gather together for our "graduation" Saturday morning, we will meet for the last time, never to be again assembled. In our minds will be the common thought, "Lincoln, the city of our Girls State paradise."

Citizens of 1958 Cornhusker Boys State settled down to serious business Thursday with sessions of the legislature and the District and Supreme Courts.

The legislature, which consists of 43 members, and the Supreme and District Courts met. Legislators introduced 5 bills and 3 resolutions.

**Bills**

1. An act to regulate the speeds of motor vehicles, stating that trucks or semi-trailers should not exceed a speed of 50 m.p.h., and that no vehicle should be driven at a speed less than 35 m.p.h.
2. A bill providing for a state income tax.
3. A bill to set aside special funds for promoting the study of natural sciences in universities, colleges and schools of technology in the state of Nebraska.
4. A bill providing for the education of outstanding students in scientific fields at the expense of the state.
5. An act to improve, promote and develop waterfowl refuge areas and establish and maintain more reserves for farm game.

**Resolutions**

1. Resolved: That the Governor should appoint a non-political, 5-member commission to study the reroganization of the Nebraska tax schedule and report on its findings.
2. Resolved: That the Governor should appoint a 5-member Highway Commission to study highway conditions throughout the state and to assist in the allocation of state and federal funds for highway building.
3. Resolved: That the custom of holding a Cornhusker Boys and Girls State Dance be continued, since "we believe the custom followed in the past to be a most enjoyable occasion and looked forward to by those present."

Thursday evening activities included a program by the Nebraska Safety Patrol, and Friday's events will include a legislative session, court sessions and a supper and dance with Girls Staters.

## GIRLS STATE

Two bills and a resolution were passed in 2 sessions of the Girls State legislature.

Alyce McNeil of Omaha, legislative head, said, "The senators were just great — they really knew their bills. There wasn't any fun to it; it was strictly business."

Six bills were referred to committees.

Bill 2, introduced by Sen. Connie Schrok of Gering was to determine qualifications of members of Cornhusker Girls State. Bill 4 was for an act to prohibit and declare unlawful acts which have for their purpose the overthrow of the government by force.

The resolution, introduced by Sen. Joyce Behne of Brainard, was "to memorialize the Congress of the United States to make changes in the election of the President of the United States."

Thursday's schedule included District, Supreme and County Court sessions and reports by the state elective officers.

A reunion-banquet was held in the evening at the Student Union Ballroom, with Mrs. W. J. McVicker, past department president of the American Legion Auxiliary, guest of honor.

## Manasil Is New Judge In 11th District

Gov. Victor Anderson has announced the appointment of William F. Manasil, Burwell, to the post of 11th Judicial District judge.

Manasil will replace Judge William Spikes, who recently resigned.

Born in Howard County in 1908, Manasil was graduated from Creighton University in 1931.

The governor said he had asked the Central Nebraska Bar Assn. to appoint a committee to make the recommendations for this appointment.

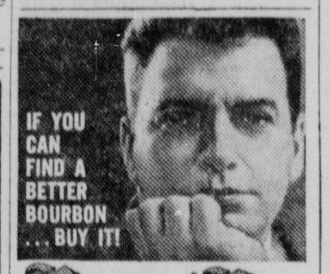

Manasil served as Garfield County attorney for 12 years and as Burwell city attorney for 17 years, from 1939 to 1956.

Anderson said he was pleased that Manasil accepted the appointment.

# Guest From Chicago

Spending several weeks in town is Mrs. Laurence R. Freadrich of Chicago, formerly of Lincoln, who is paying her first visit to Lincoln in 17 years.

Mrs. Freadrich, who is making Hotel Cornhusker her headquarters, has been included in numerous informal affairs since her arrival.

Last evening she attended the 50th wedding anniversary party for Mr. and Mrs. Fred Groth.

# We Love A Parade---Of Guests

—one of our favorite pastimes is adding names to Lincoln's guest list—and this morning we have quite an array of signatures—

First we learned that Mr. and Mrs. Henry Diehm of Flushing, Long Island, N.Y., will be plane-ing in on Sunday to spend a month as the guests of their son-in-law and daughter, Mr. and Mrs. H. P. Schmakel. And just in case you need a reminder—Mr. Schmakel is the freshman football coach at the University of Nebraska.

* * *

—and driving in from the east on Wednesday evening were Miss Polly Strotz and Miss Gaila Bernstein who stopped off for a brief visit en route to their homes in San Francisco. During their stay the visitors are the house guests of Miss Strotz's cousins, Mr. and Mrs. E. J. Faulkner.

Miss Strotz recently was graduated from Brown University where Miss Bernstein is a junior. They will leave today to continue the cross-country drive to San Francisco.

* * *

—also arriving on Wednesday were Mr. and Mrs. Richard Rice and their young son, Bill, who came from Oakland, Calif., to spend several weeks as the guests of Mrs. Rice's parents, Mr. and Mrs. J. J. Gourlay; and Mr. Rice's parents, Mr. and Mrs. W. J. Rice. A special reason for the arrival of Mr. and Mrs. Rice and their son at this particular time is the wedding of Mrs. Rice's brother, John C. Gourlay, and Carol Unterseher, on July 5.

Mrs. Rice (Madeline Gourlay) is an Alpha Omicron Pi at Nebraska. Mr. Rice, who is working towards his Master's degree at the University of California, is a Delta Tau Delta at Nebraska.

—it's to be an "Island" party Sunday morning when Mr. and Mrs. E. Shelden Hallett are host and hostess at a 10:30 o'clock brunch at the Lincoln Country Club. Included among the 50 guests will be Mr. and Mrs. B. B. Gribble of Omaha, and Mr. and Mrs. P. M. Johnston of McCook.

* * *

—hear that Mrs. Grey Jewett and Grey Jewett, Jr., left last Sunday morning for Glenview, Ill., where the wedding of Mr. Jewett, Jr., and Miss Linda Schmitt will take place on Saturday.

Mr. Jewett, Sr., left on Wednesday for Glenview where he and Mrs. Jewett will be joined by their son-in-law and daughter, Mr. and Mrs. Robert Birkhoff of Knoxville, Tenn.

Other Lincoln guests at the wedding will be Mr. and Mrs. Theodore H. Leonard.

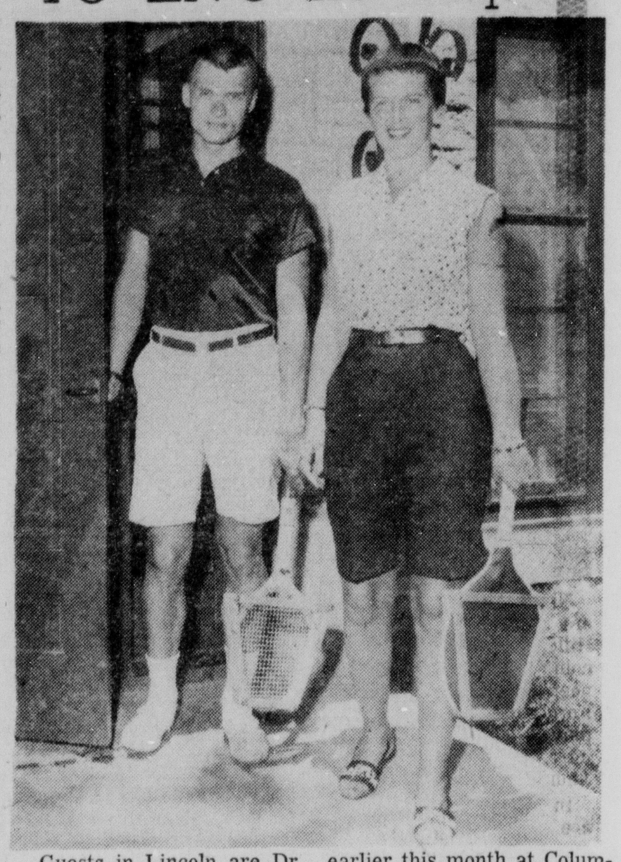

## We Hear That

Mr. and Mrs. Keith D. Beilby and their children, Diane, George and David, have returned to Lincoln to make their home. Mr. and Mrs. Beilby have been residing in St. Paul, Minn., where Mr. Beilby attended graduate school at the University of Minnesota.

★

On Saturday, June 14, Mr. Beilby received his masters degree in Public Health, and enroute to Lincoln the Beilby family stopped in Yankton, S. D., to visit Mr. Beilby's parents, Mr. and Mrs. George F. Beilby.

# To Live In Tripoli

Guests in Lincoln are Dr. and Mrs. James D. Lowell who are spending several weeks in the city visiting Dr. Lowell's parents, Mr. and Mrs. James R. Lowell, before leaving for Tripoli, Libya, North Africa, where Dr. Lowell will be associated with the American Overseas Exploration Company.

Dr. Lowell received his Ph. D. Degree in geology earlier this month at Columbia University in New York, where he also received his Masters Degree. He is a graduate of the University of Nebraska and a member of Delta Tau Delta fraternity, Phi Beta Kappa and Sigma Xi honor socieities.

Dr. and Mrs. Lowell, (a graduate of Wellesley College) were married last November in New York.

# A Page From Our Brides Book

In pre-nuptial dinner courtesy to Miss Marjorie Holtmeier and her fiance, John Robert Lightle, the bridegroom-elect's parents, Mr. and Mrs. Forest Lightle, will entertain on Saturday evening at Tillman's Plaza.

Out of town guests on hand for the affair will include Mr. and Mrs. Forest Lightle, Jr., of Park Forest, Ill., Mr. and Mrs. Sherman Lightle and Mrs. Harry Haase, all of Indianapolis, Ind., and Mrs. John Laham of Brooklyn, N.Y.

Entertaining on Monday, June 16, for Miss Holtmeier, whose marriage to Mr. Lightle will take place on Sunday, June 22, were Miss Pat Kelly and Miss Dee Krenke.

Mrs. Jack Voigt and Mrs. Forest Lightle were hostesses on Friday, June 13, when they entertained at a miscellaneous shower and dessert supper.

Also honoring Miss Holtmeier recently was Mrs. Boyce Lange who entertained at a kitchen shower.

Miss Joanne Frerichs whose marriage to Wesley N. Durst will be an event of Friday, June 27, was honored at a coffee given by Mrs. Allen Mart and Mrs. Gail Smith on Tuesday, June 17. During the informal morning, a grocery shower was presented to the bride-to-be.

On Friday evening Mrs. William A. Schuman, Jr., was hostess at a miscellaneous shower and dessert supper given in courtesy to Miss Frerichs.

Entertaining for the bride-elect on Sunday, June 8, was Miss Betty Parks who invited guests for a picnic and kitchen shower held at Antelope Park.

A bride-elect of late June, Miss Bettye Thomas, was honored at a dessert luncheon and miscellaneous shower on Sunday afternoon, June 1, when Miss Annabelle Nemecek and Miss Lucy Stich were hostesses to 35 guests at a party held at the Nemecek home.

The marriage of Miss Thomas and Richard Stich will take place on Saturday, June 28, in a ceremony solemnized at St. Teresa's Church.

Announcing the members of her bridal party this morning is Miss Sharon Lydick who has chosen Saturday, June 28, as the date for her marriage to Larry Baker.

For the ceremony, which will be solemnized at the First United Presbyterian Church, the bride-to-be has named her twin sister, Mrs. Ronald McIntire, as her matron of honor, and the bridesmatrons will be Mrs. Robert Smith, sister of the bridegroom-elect, and Mrs. Neil Anderson. Miss Merlin Williams will be the flower firl, and Jimmy Smith will be ringbearer.

Serving Mr. Baker as best man will be Donald Lahm, and the corps of ushers will include Neil Anderson, Dick Dormer and Ronald McIntire.

In prenuptial courtesy to the bride-elect and her fiance, Miss Lydick's uncle and aunt, Mr. and Mrs. Lester Creighton, will entertain the members of the family and bridal party at their home on Friday evening June 27.

Miss Lydick recently was honored at a miscellaneous shower and dessert supper for which Mrs. Robert Smith and Mrs. Alco Baker were hostesses. Fifteen guests were invited to the Smith home for the informal evening.

Bridal courtesies have begun for Miss Beverly Lind who this morning is announcing the date for her marriage to Ronald Kastanek. The wedding will be an event of August 16.

Honoring the bride-to-be on Friday, June 6, was Miss Sharon Murphy who was hostess to a group of friends at her home.

Also included among recent courtesies for the bride-elect was the linen shower given by Alpha Omicron Pi former pledge classmates. The party was held at the home of Miss Sony Martin at Denton.

The wedding is planned for Thursday, July 3, and the ceremony will be solemnized at the St. Paul Methodist Church.

## Dear Abby . . .

# It's Mom's Turn

### Abigail Van Buren

DEAR ABBY: My father is a fireman. As soon as the five o'clock whistle goes off so does he. He gets home by two in the afternoon and all he does is get under my mother's feet so she can't get anything done. This makes her mad and they fight. I think if he was not a fireman and didn't have such crazy hours they would get along better. What do you think?

FIREMAN'S DAUGHTER

**DEAR DAUGHTER: Plenty of firemen manage to keep their OWN "home fires burning." Your Mom should manage her working hours to fit in with Dad's.**

☆ ☆ ☆

DEAR ABBY: I met Don at the Roller Rink and although I was only 16 and he was 17 we fell in love. We got married in sort of a hurry and I had to quit school because of the baby which was on the way. I am expecting in August and Don goes out to roller skate almost every night. I can't go with him because the doctor says no skating past my sixth month. I am very lonesome. Should I go to watch him skate with other girls or should he stay home with me?

**DEAR CAN'T: Your husband should forego this recreation until you can resume it together. Sounds like Don is still going around in circles. Maybe your doctor can straighten him out.**

☆ ☆ ☆

DEAR ABBY: I don't agree with you when you say parents who punish their children in public are cruel and foolish. Children who learn they can get away with murder in public are quick to take advantage of the situation. My children are grown now, but when they misbehaved, I used to take down their pants and raise welts on their bottoms no matter where we were and now one is Congressman of his District and the other is Regional President of the D.A.R.

FIRM MOTHER

☆ ☆ ☆

DEAR ABBY: I have a lady friend who is not poor by any means. She lives alone and gets around socially quite a lot. When she is at a luncheon or tea or even a dinner she is never "hungry" so she asked the hostess if she can put the food in a sack and take it home. Naturally they give her plenty. Do you think this is all right?

CURIOUS FRIEND

**DEAR FRIEND: It's all right with me. What's eating YOU.**

☆ ☆ ☆

DEAR ABBY: I started to go with this boy last spring. On our first date he tried to kiss me and I stopped him saying, "I'm not that kind of a girl." I have grown very fond of him and we still date but now whenever we are together I put myself in a position to be kissed and he turns my head away and says, "Remember, you're not THAT kind of a girl." How can I get him to kiss me without throwing myself at him."

UNKISSED

**DEAR UNKISSED: If your boyfriend has been sulking because you refused to be kissed on your first date, he is too young for you. Don't put yourself in any more kissable positions. Make him ask for it.**

☆ ☆ ☆

**CONFIDENTIAL TO GINO: You are "soaking up" too much firewater. The police blotter also does a good job of soaking things up. Watch it!**

☆ ☆ ☆

**CONFIDENTIAL TO FATBOY: Knowledge is the awareness that fire will burn. Wisdom is the blister. Blisters do heal. Cheer up!**

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, please enclose a stamped self-addressed envelope.

# Women's Intra-City Day, Pioneer

Ninety-two feminine golfers, including groups from Hillcrest Country Club, Lincoln Country Club, the Pioneer Golf Club, and the Air Force Wives golf group, played at the Pioneer Club's intra-city tournament on Thursday morning.

In the picture, left to right, are Mrs. Berry Thompson of Hillcrest Club; the caddy, Ray Frohn; Mrs. Walter I. Black of Lincoln Country Club, and Mrs. C. F. Botsford of Pioneer Golf Club.

Mrs. Botsford, incidentally, is the chairman of the Women's City Golf Tournament to be played next week at the Lincoln Country Club. Qualifying rounds will be played on Monday, June 23—and the tournament will go on from there, probably closing on Thursday—or maybe on Friday, the closing date dependent upon this and that.

# Spring Wedding

MR. AND MRS. CAL WESLEY DUNTEN

The wedding of Miss Mary Helen Ellerby, daughter of Mrs. Helen M. Ellerby of Portland, Ore., and of Joseph Ellerby of Menlo Park, Calif., and Cal Wesley Dunten, son of Mr. and Mrs. W. L. Dunten of Lincoln, took place on Saturday, May 24, in Portland, Ore. The 4 o'clock ceremony was solemnized at St. Mark's Church, Episcopal.

The couple will reside in Portland.

The bride is a graudate of Lewis and Clark College in Portland, and Mr. Dunten is a graduate of the University of Nebraska.

Attending the wedding from Lincoln were Mr. and Mrs. W. L. Dunten, the bridegroom's parents, and Mr. and Mrs. P. M. Fischer and sons, Victor, Michael and Patrick.

# CD Council

Mrs. J. E. Yost of Milford, deputy director of women's activities, will preside at a meeting of the state Women's Advisory Council for Civil Defense to be held Thursday at the Hotel Cornhusker.

The meeting will open at 10 o'clock with an address by Mrs. Audrey Smith of Denver, regional Civil Defense women's director, after which the council will discuss various projects undertaken for civil defense by women's state organizations.

Following the luncheon, Austin Bacon, Civil Defense deputy state director, will speak to the council and will present awards to council members for their service in civil defense activities.

# THE STAR IN SUBURBIA

The numerous summertime activities give us a wealth of facts to relate this morning in the South Hills-Kessler Heights book of news. Vacation trips seem to dominate the social whirl, although we can spin the wheel to introductions for newcomers, a welcome to visitors and greetings to a new member of the talcum powder set.

KESSLER HEIGHTS

Mr. and Mrs. Edwin Strobel have had many guests the past week and among them were Mrs. Strobel's uncle and aunt, Mr. and Mrs. Everett Harris of LaJolla, Calif. The Strobels are at the present time entertaining Mrs. Strobel's brother, Larry Wolf, who arrived in Lincoln two weeks ago from Bamberg, Germany, where he was stationed with the armed services. Mr. Wolf hails originally from Burke, S. D.

Adding her name to the bassinet set on Monday, June 9, was Miss Lori Ellen Opp, dauhgter of Mr. and Mrs. Kenwood Opp, who was born at Lincoln General Hospital. The young lady has three brothers, Roger, Gordon and Kevin, and her grandparents are Mr. and Mrs. Charles Cook and Mr. and Mrs. Martin Thalhammer of Freising, Germany.

We made a new acquaintance this morning with recent newcomers to Kessler Heights. The family threesome includes Mr. and Mrs. Robert Day and their daughter, Paula Ann, who traveled to Lincoln last August from Heidelberg, Germany, where Mr. Day was employed. The Days spent some time with Mr. Day's parents, Mr. and Mrs. William F. Day, before making their home at 2440 Kessler Blvd.

SOUTH HILLS

Mr. and Mrs. Allan Gahoon and their sons, Scott, Bennet and Thomas are home again after a trip to California. A visit with Mrs. Gahoon's mother, Mrs. Richard Cox; and her brother-in-law and sister, Mr. and Mrs. Richard Olson, in Los Angeles were highlights of their two-week vacation.

Suburb visitors at the home of Maj. and Mrs. Robert Buckley and their children, Laurie and Lance, are Mrs. Buckley's sister, Mrs. Donald McWhirt and her daughter, Melaney. The McWhirt twosome, who live at Coffeyville, Kan., will be guests of the Buckleys for three weeks.

Skipping now to the vacationers we learn that Capt. and Mrs. John Mattioli and their three children, Vicki, Barry and Joni are in Pittsburgh, Pa. The Mattioli family will return in about two weeks.

And off to Jackson Hole, Wyo., last week were Maj. and Mrs. Lyle Knight who were accompanied by their children, Debbie, George and Jimmy. The family will motor home following a three-weeks' excursion.

## Plan Dinner

Dinner and dancing will be on the agenda this Saturday evening when the members of the Junior Woman's Club entertain their husbands at the Italian Village.

In charge of arrangements for the evening are Mrs. Paul Hensen and Mrs. Howard Gotfredson.

# Chiefs Bill Yankees, Phils For Sunday TV 'Losses'

Sometime either yesterday or today, 2 major league baseball executives opened or will open a registered letter from General Manager Dick Wagner of the Lincoln Chiefs.

What happens after they read the letters is anybody's guess. But it's likely the recipients and many others in baseball will at least take notice.

Wagner has made a startling move within the framework of Organized Baseball.

**The Lincoln GM has billed the New York Yankees and the Philadelphia Phillies for attendance losses incurred by the Chiefs from the televising of 2 Sunday major league games.**

Wagner made the move last Tuesday, firing a statement and a bill to George Weiss, general manager of the Yankees, and Roy Hamey, who holds the same position with the Phillies.

**Philadelphia was dunned for $400.00 and the Yanks for $359.00.**

In making the move public, Dick said: "I have no desire to stir up trouble, but this is a necessity. No one is apparently willing to stand up and be counted. Everyone is afraid to speak his piece.

**"It's time the people in the majors recognize that what's done for one should be done for all."**

In order to understand Wagner's counter-attack on the major leagues, it's necessary to dig into the background of the case.

Lincoln had 2 scheduled Sunday afternoon games—June 1 with Pueblo and June 15 with Amarillo. Wagner estimated, on the basis of past records, that the June 1 game would draw 1,200, but only 800 fans showed up. His estimate on June 15 was 1,100 and 741 appeared. That's the basis on which the bills were prepared.

The jist of Wagner's move is the fact that the major league cities are blacked out during home games, but the minor league cities are not.

Lincoln requested ONLY the Phillies and Yankees games be blacked out, since those were the only 2 schedule conflicts. I learned that CBS tentatively agreed to blackout Omaha and Lincoln on those dates, then cancelled a few days before June 1.

**However, the network did ask KOLN-TV of Lincoln to stop the telecast a half hour before the Lincoln game started.**

Wagner wouldn't buy this deal and explains why: "We have absolutely no quarrel with television and our club is not interested in depriving the fans of major league baseball on TV. But it feels that if something is done for one (the majors) it should be done for all.

"As a Lincoln business, we are interested in promoting Lincoln and its other business firms. Television is a business. If we stopped the Lincoln station, fans would just switch to Omaha. Thus, we would have been unfair to a Lincoln business and have helped promote Omaha."

**In other words, unless Omaha is blacked out, there is no point in penalizing a local station. And the Omaha outlet is just over 50 miles from Sherman Field, so there was no way of compelling the blackout.**

In writing to Weiss and Hamey, Wagner said: "Lincoln citizens have operated a professional team in the Western League since 1953. Considerable time, effort and expense have been made by the fans, business firms and citizens to provide baseball in this community. While small in seating capacity, our park is well run and neatly kept. We want to continue that way. To do so, however, we expect honest and reasonable treatment by other persons in baseball. If that treatment is not available, the major leagues should operate all the clubs in Organized Baseball."

Wagner, the 1958 Sporting News' minor league executive of the year, informed the Chiefs' board of directors prior to his move, and informed Pittsburgh and the office of George Trautman, minor league president, of his intentions.

Copies of the letter were sent to these parties, other interested baseball people and Bill McPhail of CBS.

Wagner isn't fooling himself. He's fully aware of the fact that the big boys in the majors will toss him a horse laugh or two.

Dick isn't trying for a publicity gimick, either. There will be those who ridicule the move and join in the laughter about Lincoln trying to slay a Goliath without even so much as a slingshot. But I believe Wagner, and others, should speak their mind.

Wagner is a baseball devotee and he wants minor league baseball to prosper. He, like many of us, feel that the minors can't fight costs, TV, other entertainment—and the major leagues at the same time—and succeed.

If nothing else is accomplished, Wagner has at least had the courage to speak out against a unpardonable wrong. Perhaps, if more minor league men would have spent more time fighting for their profession instead of begging fans for charity, baseball would be in better shape today.

## Wagner Fires Letter To Major Leaguers

The following is a copy of the letters sent by Dick Wagner, general manager of the Lincoln Chiefs, to George Weiss of the New York Yankees and Roy Hamey of the Philadelphia Phillies:

"Attached herewith you will find a statement for $400.00 (the figure in the letter to the Yankees was $359.00). This covers the loss in attendance suffered by the Lincoln Club on Sunday, June 1 (June 15 for the Yankees) when we played a scheduled afternoon game in Lincoln while your home game was being telecast on a national network. The amount is based on a most conservative estimate (using past records, etc.) of what our attendance would have been without the telecast.

Wagner

**"It is with deep regret that I find it so necessary to send such a bill. However, if I did not, I would fail to properly perform my duties as the salaried employee of some 2,600 stockholders in Lincoln's community-owned club.**

"It is absolutely inconceivable to me that major league cities are blacked out for these games, yet no cooperation was given the Lincoln club for a requested blackout on either June 1 or June 15. Although a local station was asked by the network to cease the telecast 30 minutes prior to our game time, an Omaha station was permitted to telecast the game to its completion. The Omaha station is slightly more than 50 air miles from our park and most every home in Lincoln receives Omaha television extremely well. In my opinion, a blackout is the responsibility of those clubs authorizing such telecasts. And we requested a blackout ONLY for June 1 and June 15, since later Sunday games in Lincoln are played at night.

"The Lincoln club finds it most unfair, unreasonable and unthoughtful for a major league team to blackout one area while permitting a network telecast during the home game of another club in Organized Baseball.

**"Earlier this season a representative of one of the six teams now permitting Sunday telecasts made some most unfair and improper remarks to the press about the minor leagues of baseball. However, his club permits television in those minor league cities!**

"Lincoln citizens have operated a professional team in the Western League since 1953. Considerable time, effort and expense have been made by the fans, business firms and citizens to provide baseball in this community. While small in seating capacity, our park is well-run and neatly kept. We want to continue that way. To do so, however, we expect honest and reasonable treatment by other persons in baseball. If that treatment is not available, the major leagues should operate all the clubs in Organized Baseball.

"I wish to point out that the Lincoln Club has a working agreement with the Pittsburgh Pirates. The Pirates are not a party to Sunday network telecasts. And our neighbor—Kansas City—has refused to telecast on Sunday networks.

"If the Golden Rule is to be part of baseball, the amount mentioned in Paragraph One of this letter is the least to be expected and we shall appreciate your check at an early date."

Respectfully yours,
(Signed)

## Don Bowden Entry Adds Punch To AAU Mile Run

Bakersfield, Calif. (AP)—California's Don Bowden disclosed late Thursday that he will run in the mile race, adding punch to the feature event of the 70th annual AAU Track and Field Championships Saturday night.

Bowden is America's lone member of the sub-four-minute mile society.

With temperatures in the mid-90s Thursday none of the athletes worked too hard.

Mile runners Herb Elliott and Merv Lincoln from Australia, contented themselves with a bit of trotting.

The meet gets under way tonight with eight final events on the schedule, as well as qualifying heats in the mile run.

This will be the final appearance in the United States this season of Elliott, the superb 20-year-old runner from Perth, and Lincoln, the defending United States AAU champion.

Both are members of the 4-minute mile fraternity. Elliott has run under the mark five times this year. His best effort was 3:57.8 at Los Angeles last month, bettering the accepted world record of 3:58 held by his countryman, John Landy.

But for some obscure reason, the Los Angeles officials inserted a "rabbit," or pacesetter, and the time remains under suspicion because pacesetting is officially banned by world track authorities.

The director of this meet, J. B. Haralason, says there will be no rabbit this time.

The Aussie runners share attention with a host of domestic champions.

Included are Bobby Morrow of Abilene Christian, Uncle Sam's triple Gold Medal winner in the last Olympics; world record holders Parry O'Brien in the shotput and Charley Dumas in the high jump, and Glenn Davis of Ohio State, who cracked the world 440-yard mark last week in the national collegiates with 45.7.

Davis, however, probably will skip the quarter-mile run and aim at the world standard in the 440-yard low hurdles.

## Cubs Blast Braves On 4 Homers, 5-4

Milwaukee (AP)—Tony Taylor's first major league home run, a ninth inning, tie-breaking blast, and the fourth of the game by Chicago batters, carried the Cubs to a 5-4 victory Thursday night over the National League's first place Milwaukee Braves.

All four of the Chicago homers came off Milwaukee starter Warren Spahn who was charged with his fourth defeat against eight victories. Walt Moryn belted a pair of the Chicago homers and Al Dark the other.

Despite the loss the Braves remained two games in front of second place San Francisco.

The home run by Taylor, who stole home for the first Chicago run in the opening inning, was the 11th off Spahn in three games and the 18th allowed by the veteran lefthander this season.

Spahn led the Braves at the plate with a two-run homer, his first of the year, before he was replaced by Bob Trowbridge in the ninth.

Combined with the home run assault of the Cubs was the brilliant relief pitching of right-hander Glen Hobbie, third Chicago hurler. He came on in the sixth with the Cubs behind 4-3 and shut out the Braves on four hits the rest of the way.

### Phils' Semproch Tops Los Angeles Again, 9-3

Philadelphia (AP) — Rookie right-hander Ray Semproch hurled no-hit, no-run ball for six innings Thursday night as Philadelphia coasted to a 9-3 win over Los Angeles.

The 27-year-old rookie, in beating the Dodgers for the third straight time, extended his winning streak to four. He is 8-4.

Semproch, Phillies winningest pitcher, walked one man and allowed no hits until Charlie Neal singled in the seventh inning with one out.

### Bucs Halt Giants Comeback, Win 6-5

Pittsburgh (AP) — Southpaw Don Gross halted a 3-run San Francisco rally in the 9th inning by striking out pinchhitter Jim Finegan as the Pittsburgh Pirates squeezed out a 6-5 victory Thursday over the Giants.

Trailing 6-2, the Giants exploded for 3 runs in the 9th on a double by Hank Sauer, an infield out, a walk and a homer by Bob Schmidt.

Daryl Spencer drove in the other Giants' runs with a single in the 6th and a sacrifice fly in the 8th. Ed Bressoud was aboard each time by virtues of singles.

## Wall Hurls No-Hitter, Whiffs 20

Jan Wall pitched a no-hit 7-1 victory for Standard Reliance and struck out 20 Globe batters in an Elks League game Thursday night.

Four passed balls, 2 of them on dropped third strikes, scored the only run off Wall. The Lincoln Northeast ace struck out 5 batters in that one inning.

Claire Fredstrom led Reliance batting, driving home 4 runs on a double and homer.

## Hollypark Fall Kills Westrope

Inglewood, Calif. (AP)—Jackie Westrope died of injuries Thursday night, two hours after he was thrown from his mount in the feature race at Hollywood Park. Westrope, former national riding champion, was thrown from Well Away when she hit the rail while moving into the lead of the $23,500 Hollywood Oaks.

He landed on the inner guard on his side and back. He was taken to Centinela Hospital unconscious. A physician said many of his bones were fractured and he was in deep shock.

He died at the hospital two hours after the start of the seventh race in which he was injured.

## 8 Lincoln Errors Hand Dukes Game

### ...Trosky May Pitch Tonight

By Don Bryant

Lefty Al Jackson was the victim of the worst robbery since Brinks Thursday night at Sherman Field.

And it was the 2nd consecutive time the Lincoln Chiefs pitcher has gotten the short end of the stick despite great pitching jobs.

It was Lincoln's pitiful defense that clobbered Jackson, not the Albuquerque Dukes. But Jimmy Brown's New Mexicans left town with a 10-5 win and a series win, 3-1.

Thursday's showing by the Chiefs was as frightening as it was pathetic. All told Lincoln blew a 5-1 lead, committing 8 horrendous errors in every conceivable fashion from bobbling easy grounders to arm-rassling for pop flys.

Considering Albuquerque is the 6th place club and the fact that the Chiefs have now lost 9 of their last 10 games, tonight's assignment is a knee-shaker.

**First place Colorado Springs moves into Sherman Field for a 3-game set and advance word is that Hal Trosky (4-0), fresh from a no-hitter at Sioux City will pitch for the Sky Sox. Lefty Bill Dial will go for the Chiefs. He's 2-3. Game time is 8 p.m.**

Thursday night Jackson had a 2-hitter going into the 7th inning. A pair of errors in the 2nd put him behind, 1-0, but he did not allow a hit until the 5th.

And the pitchers had teamed to put the Chiefs in front, 5-1 by the 4th. Bennie Malcolm, playing right field, doubled in 2 runs in the 2nd. Little Al provided himself a comfortable cushion in the 4th by ripping a bases-loaded triple.

But the unbelievable occurred in the 7th. With 2 out, Al issued a walk and Malcolm slipped in a right field wet spot while chasing Pete Ethier's drive, the ball rolling to the wall for a triple.

**Before Jackson could get the 3rd out, 4 more runs came in as the Chiefs committed 3 more errors. That put the Dukes in front, 7-5, and finished Jackson again, although he had allowed only 4 hits and 1 earned run.**

Reliever Ed Bauta got a similar taste in the 8th when the Dukes took advantage of 2 more errors and a triple to plate another trio.

All told, only 1 of the Dukes' 10 runs was earned as Jackson and Bauta limited them to 6 hits.

Julie Javier, playing shortstop, couldn't win for losing, committing 4 errors to tie the Western League mark for boots at that spot. Some 7 others have turned the trick

## Trojans Tip Big 8 Tigers In 12, 8-7

Omaha (AP) — Mike Blewett's long single to right in the bottom of the 12th inning Thursday night gave Southern California an 8 to 7 win over Missouri and the NCAA College Baseball World Series Championship.

The game was the first extra inning championship affair in the history of the tourney. The championship is the second for Southern Cal, the Trojans having won in 1948.

Blewett's hit brought in Rex Johnston. The run was set up when Johnston led off by beating out an infield hit to third. Bill Thom, who scored his second win in two nights from Missouri, sacrificed Johnston to second and the runner moved to third on Ken Guffey's infield out.

It was a wild game with Missouri starting the scoring on a four-run burst in the second. Southern Cal roared back with seven runs in the fourth on five hits, two errors and wildness of Missouri's Bud Hardin.

Missouri tied in the top of the eighth when Bob Hass tripled home one run. Hass scored on Hank Kuhlman's double and Kuhlman scored on Ray Uriarte's hit to tie at 7 to 7.

Missouri didn't threaten after that. But Southern Cal kept threatening continually until Blewett, who had fanned as a pinch hitter in the 10th, finally broke the game up.

# Carey's Two Blows Power 9-3 Victory

Cleveland (AP) — The New York Yankees clubbed rookie Gary Bell and veteran Bob Lemon for 5 home runs Thursday, thumping the Cleveland Indians 9-3 for a sweep of the 3-game series here. Andy Carey smashed 2 home runs and a single to lead the 17-hit Yankee attack.

Bell, who had won his 1st 2 starts for Cleveland since his recent call-up from San Diego, was tagged for a home run by Enos Slaughter after Gil McDougald's single in the 2nd inning. Then Elston Howard, next man up, hit a homer, his 6th this year, to make it 3-0.

Bob Lemon entered the game in the 3rd inning to pinch hit a single between a walk and ground out that provided the Tribe the only run it scored off Johnny Kucks until the final inning when Rocky Colavito smashed his 11th home run of the season after Mickey Vernon's single.

Kucks allowed 8 hits in winning his 5th against 3 losses.

## Woodling's Homer Stops A's, 4-2

Kansas City (AP) — Gene Woodling's two-run homer in the eighth inning gave Baltimore a 4-2 victory over Kansas City Thursday night for a clean sweep of a 3-game series that moved the Orioles into fifth place in the American League.

The defeat was a bitter pill for veteran Ned Garver who went into the eighth inning holding a 2-1 lead and with visions of his eighth victory of the season. Instead it turned out to be his fourth defeat.

Ken Lehman, who took over for Baltimoe after starter Hector (Skinny) Brown was lifted for a pinchhitter in the seventh, got credit for the win.

## Pearson's Hitting Ends Detroit Win Skein, 4-3

Detroit (AP)—Albie Pearson's extra base hitting and Russ Kemmerer's effective pitching gave the Washington Senators a 4-3 victory Thursday over the Detroit Tigers.

It took reliefer Dick Hyde to save Kemmerer's fourth victory as the Tigers scored two unearned runs with two out in the ninth.

Washington ended its five-game losing streak and the Tigers' five-game winning streak at the same time.

Washington carried a 4-1 lead into the ninth as Pearson drove home half the Senators' runs with a double and a triple. Kemmerer was lifted in the Tiger half of the inning after Harvey Kuenn doubled with two out.

## Unterseher Cops Opening Matches

Topeka, Kan. (AP)—Neil Unterseher of Lincoln moved easily ahead in both the men's and junior boys' brackets as the Jayhawk Open Tennis Tournament opened a four-day run here Thursday.

Unterseher, top-seeded in junior boys, eliminated Larry Bresnic of Kansas City, 6-1, 6-1, in the second round after receiving a first round bye. Then he defeated Ike Groce of Oklahoma City, 6-1, 6-1 to gain the semifinals. In the men's division, Unterseher trimmed Bill Guilfoil of Kansas City 6-1, 6-1, in the opening round and moved to the quarterfinals as Ed Schermerhorn of Tulsa defaulted.

# Tommy Bolt Takes Early Lead At Flint

Flint, Mich. (AP) — Tommy Bolt defied the letdown that often plagues a National Open Champion and fired a 3-under-par 69 that stood up Thursday for the first round lead in the $52,000 Flint Open Golf Tournament.

The loquacious Bolt, performing efficiently and happily under his "system for serenity", captured a one-stroke lead over Bill Casper Jr. of Apple Valley, Calif. Casper missed a three-foot putt on the 18th green and lost his chance for a tie.

Fresh from his U.S. Open triumph in Tulsa last week, Bolt entertained a mammoth gallery with conversation and splendid play. He needed only 30 putts and had seven 1-putt greens.

The leaders:

before, including Bob Stewart of Lincoln in 1951.

**Smoke Signals. . .** Lincoln had a 25-13 record on June 1st, but since then the Chiefs have won only 4 and lost 15. They're still in 3rd, though, 6 games out of 1st. . . Ed Maier picked up the Duke win in relief. . . Dizzy Dean Higgenbottom (so help me, that's his name) blanked the Chiefs for 3 innings. . . The 8 Lincoln boots missed the league record by 2. . . Attendance was 601. . . Pitcher Olof Nelson has arrived, but no sign of Reggie Grenald.

# Optimists Win Western Swing Opener At Sidney

**Lincoln Star Special**

Sidney—The Lincoln Optimists came up with 10 runs in the second inning here Thursday night to cement a 12-4 Junior American Legion baseball victory over Sidney.

The victory boosted the Optimist record to 4-0 for the season. The Lincoln club will play here again tonight, weather permitting. The Optimists were rained out of their Western Nebraska series opener at Scottsbluff Wednesday.

Gary Mouden's two-run double was the big blow in the 10-run second for the Optimists, which included 7 hits, 2 walks and 3 Sidney errors.

The Optimists got their other two runs in the first on Bill Redmond's two-run single. Sidney scored a pair of runs in the first on Bill Redmond's two-run single. Sidney scored a pair of runs in the opening frame and 2 more in the 4th.

Mickey McGuire pitched the distance for Lincoln in recorded his 2nd win of the season. The game was stopped after 5 innings because of rain.

## Pushing Upsets Defending Champ

Ames, Iowa (AP) — Carole Pushing, an 18-year-old Carleton College freshman, dethroned champion Meriam Bailey of Northwestern in the women's collegiate golf tournament Thursday with a 2 and 1 victory in the semifinals.

The Minnesota girl, never down during the match, won the 16th and 17th holes with pars to continue her giant-killing in the tournament. Carole upset national amateur champion JoAnne Gunderson 1 up in the quarterfinals.

The slender youngster will play Judy Bell of Wichita University, a 1957 finalist, in the championship round today.

### Silky Runs Today

Inglewood, Calif. (AP)—Silky Sullivan, the toast of California but badly burned in the Kentucky Derby and Preakness, returns to the local racing scene today in a six-furlong sprint at Hollywood Park.

## Taber Wins Again In Trans-Miss

Hutchinson, Kan. (AP) — Dr. James Liggett, Denver dentist, defeated Rex Baxter, defending champion, 3 and 1, in a second round match of the Trans - Mississippi amateur golf tournament Thursday.

Liggett won the 16th hole with a par four when Baxter three-putted. He won the 17th with a birdie four after making a beautiful approach shot out of the rough, the ball landing dead to the pin for a short putt.

In another match, Matt Taber of Lincoln defeated Donald Smelser, Fort Collins, Colo., 5 and 4. Taber was one over par when the match ended on the 14th.

The true old-style Kentucky bourbon

EARLY TIMES

Always smoother because it's slow-distilled

There are less costly ways to make bourbon whiskies—but they'll never give you the smoothness you get in Early Times. The extra care and attention of slow distilling...the patient willingness to take twice as long... this is the old-style way, the smoothing way to make whisky. Next time, ask for Early Times.

# U.S. Calls Nagy Execution 'Affront' To All U.N. Members

Washington (AP) — The United States declared that the execution of Hungary's revolutionary Prime Minister Imre Nagy and his minister of defense Gen. Pal Maleter "is an affront to all members of the U.N. and to the conscience of the world."

A statement issued by the State Department said the United States was gratified to learn that the U.N. Special Committee on Hungary would consider the secret trial and execution of Nagy, Maleter, and 2 compatriots.

In announcing the department's statement, press officer Lincoln White said the execution "contravenes the universal declaration of human rights and ignores the will of the U.N. General Assembly" expressed in a resolution last year.

The U.S. declaration said Nagy "was the victim of Soviet violation of safe conduct pledged by the Hungarian regime."

**'Technical'**

The statement said Maleter "was the victim of Soviet duplicity while negotiating in good faith with Soviet representatives for the withdrawal of Soviet troops in Hungary." The general was arrested at Soviet headquarters in Budapest while there by invitation to discuss "technical questions" of Soviet troop withdrawal agreed to by Soviet Deputy Premier Anastas Mikoyan.

Simultaneously with the statement, the "perfidy and barbarism" of the Soviet Union were denounced in the Senate by Sens. Hubert H. Humphrey (D-Minn) and William F. Knowland of California, the Republican leader.

They called up for expected unanimous passage a resolution asking President Eisenhower to convey to the world "the deep sense of indignation" felt by the United States over the Nagy affair.

**'More Cautious'**

London (AP) — Prime Minister Macmillan said the execution of Hungarian ex-Premier Imre Nagy and 3 of his associates "makes us even more cautious" about summit talks with the Soviet Union.

But, Macmillan told the House of Commons, efforts to maintain peace must continue.

"We have to try to keep a balance and do our duty," he said.

In New York, the special U.N. committee on Hungary scheduled a meeting for Saturday to discuss the executions, which have stirred indignation throughout the world.

## Airlines, Military Slowdown Urged By CAA Official

Washington (AP)—The Civil Aeronautics Administration wants the airlines and the military to slow down their rush to use CAA traffic control facilities.

CAA administrator James T. Pyle said Thursday his agency is working out with the airlines and the military services a co-ordinated program to keep the CAA air traffic control workload within reasonable bounds.

Pyle told an Aviation Writers Assn. luncheon that the CAA traffic control system has improved its handling capacity from 12,000 instrument flights a day 2 years ago to 17,000 such flights now.

He said the CAA is capable of handling all instrument flights in bad weather.

But he added the agency currently is not capable of controlling the nearly 50,000 point-to-point flights that are made daily when weather conditions are good, nor the additional 150,000 local good-weather flights daily throughout the nation.

## 95% For Armed Force

Amman (AP)—The Arab Federation's first union budget totals about 90 million dollars. All but 5% is for the unified Iraq-Jordan armed forces. Parliament approved unanimously.

## Pink Tapes

The pink cash register tapes you have been saving for the free gifts listed on Safeway's Save-a-tape plan may be redeemed by your choice of three different methods:

1. Exchange them for Gold Bond Stamps — one stamp for every 10c purchase represented on your tapes.
2. Redeem them for the premiums listed on Safeway's Save-a-tape plan.
3. If you do not have sufficient tapes for the Save-a-tape gift you wish, ask at your Safeway store about paying cash for the difference.

Your tapes should be exchanged for either stamps or premiums before July 21. On that date the pink tapes will expire.

## Gold Bond Stamps

Safeway selected the Gold Bond Stamp plan. We know you will be more pleased with the greater variety of distinctive premiums that it offers. There are hundreds and hundreds of beautiful gifts — all especially selected with you in mind . . . your very special tastes . . . your family's desires . . . and the needs of your home. These exciting premiums are known by the first quality, famous names such as: Westinghouse, General Electric, Presto, International, Ansco, West Bend, Cannon, Anchor, Wilson, and a huge list of other equally famous brands.

You'll be delighted — in fact thrilled — with this great array of gifts. Earn them quickly by collecting the Gold Bond stamps you'll receive with each 10c purchase at Safeway.

# FLY to New York City via AA AMERICAN AIRLINES

You'll travel to New York in luxury via American Airlines' famous DC-7 "Mercury" or other top Flagship flights. American's distinctive service has been the choice of nearly 75 million travelers – more people have flown via American Airlines than any other airline in the world.

## BE THE CAPTAIN'S GUEST AT LUNCHEON ABOARD THE French Line S.S. LIBERTE'...

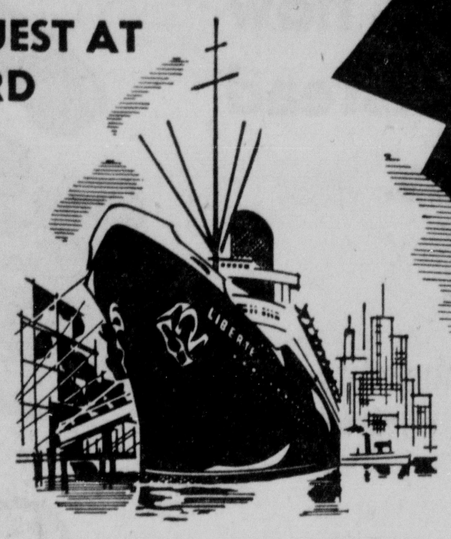

When you step aboard the S.S. Liberté it will be like walking into Paris . . . because the French Line fleet represents "France Afloat."

After luncheon in the elaborate first class dining salon, you will find yourself on a tour of this great Trans-Atlantic liner in all her splendor. You will see her huge theatre, beautiful shops, swimming pool, and impressive chapel.

After you leave the world-famed Cafe l' Atlantique, you will stroll upon acres of promenade decks just as though you were in mid-Atlantic on your way to France.

Your afternoon's visit to "France Afloat" will end at the Bridge—where the Captain directs the destinies of this mighty flagship of the French Line fleet.

What a treat for anyone—even a seasoned world traveler.

# Mid-State 'Would Aid State's Stability'

Washington (AP) — A Nebraska delegation urged Congress Thursday to approve a multi-million-dollar Mid-State Project which they said would add to the economic stability of the state.

Support of a bill authorizing government help in financing the project came in testimony at a House Reclamation Subcommittee hearing. The delegation appeared before a similar Senate Subcommittee later in the day.

Ray E. Lundy, Kearney city manager, pointed to benefits that would be derived from a balanced underground water supply and adequate irrigation water for agricultural needs and flood protection.

The Mid-State Project, he said, would accomplish this aim. "The people in our area cannot afford to let more time pass," he added, "without utilizing all of our water resources."

The project is primarily an irrigation and flood control development. It is designed to irrigate about 140,000 acres in Buffalo, Hall and Merrick counties of the Platte River Valley.

Rep. A. L. Miller (R-Neb), author of the House bill, pointed out that about 20 connecting reservoirs would be built in the upper foothills with natural flows regulated through a canal.

He said at present there are 4,600 farm wells taking ground water within boundaries of the project and this water has been getting lower each year.

## Hastings Lad Found Dead In Swim Pool

Hastings, Neb. (AP) — Henry W. Miller, 13, was found dead in the Hastings Aqua-Court.

An autopsy was ordered. The boy's body was found by Lifeguard Dave Williams as Williams was clearing the pool of swimmers for the night.

It is the first death at the Aqua-Court since it was opened in 1952.

Young Miller is survived by his parents, Mr. and Mrs. Henry L. Miller, two brothers and a sister.

### Month-Old Twin Boy Suffocates

Omaha (AP)—A month-old infant boy suffocated in his bed Thursday morning.

The boy was Kevin John Kane, a twin born to Mr. and Mrs. James Kane May 10. The parents found that during the night a pillow had slipped over the child's face, and called the rescue squad. He was pronounced dead on arrival at Children's Hospital.

Kevin had a twin sister.

## End To Segregation On Basis Of Race Seen In This Century

Omaha (AP)—A Montgomery, Ala., desegregation leader said in an interview Wednesday night that he believes segregation on the basis of race will end before the current century is over.

"If it is not ended, America will lose its place as an international and moral force in the world," said Dr. Martin Luther King Jr.

Dr. King was a leader in the 1956 boycott of Montgomery buses by Negroes. Buses in the city are now desegregated.

He said he is an advocate of passive resistance, but only passive in the sense that violence is avoided.

"Our minds and emotions are constantly aggressive, seeking to prove our opponents wrong," he added.

Violence, he said, only creates new social problems.

"If the Negro succumbs to it unborn generations will be the recipients of long nights of bitterness," he commented.

In Montgomery, he said, Negroes are concentrating on registration and voting but are not retreating from the segregation battle. The ultimate aim is not desegregation from a legal aspect, but the kind of integration where men some together willingly, not because theer is law."

He is in Omaha for the National Sunday School and Baptist Training Union Congress.

# State's Public Power System Attacked

Washington (AP) — Nebraska's public power system has been tagged as socialistic by the AFL-CIO's Committee on Political Education.

The committee, in its weekly political letters, also was critical of the state's 2 senators and Rep. A. L. Miller.

The committee blasted Miller for his vote as a member of the House Interior Subcommittee in killing the Hells Canyon Dam bill June 2. The bill would have authorized the federal dam.

**Miller comes from a state, the letter said, "in which there is not one single solitary kilowatt provided by a privately owned utility. Every home, every factory and every farm —including the one which Dr. Miller owns—gets its electricity from a publicly owned power company.**

"Nebraska is one state where there is no creeping socialism. It's done crept".

Sen. Curtis, Hruska and Karl Mundt (R-SD) were criticized for their vote against an amendment May 17 to liberalize unemployment compensation. The amendment was defeated 63-21.

The letter listed Hruska with a group of 10 other senators—all up for re-election this year—who opposed the amendment.

"How did Mundt and Curtis and others help the working man?" the letter asked. "By voting against effective aid for the unemployed."

Miller, in commenting on the charges, said:

"Nebraska has state power. Thank God it isn't federal. We have our problems but we can handle them ourselves."

He said among reasons he voted against the Hells Canyon proposal were opposition from such organizations in Idaho as the State Grange, Farm Bureau, Reclamation Bureau and Chamber of Commerce.

# U.S. Radio-Radar Will Detect Silent Satellites

Washington (AP)—The Defense Department said Thursday it plans to have in operation by the end of the year a radio-radar network that could detect a silent satellite passing over the United States.

Work will begin immediately, said an announcement from the department's Advanced Research Projects Agency.

It said one of the main purposes is to "insure that silent satellites, which could pose a military threat, will not be able to orbit over the United States without being detected and tracked."

Scientists have said that in the present state of space work, satellites are unlikely to be of immediate military use.

However, they add that new techniques could lead to satellites becoming space spies virtually incapable of interception, signalling back information to their masters.

The plan is to send up radar signals which would reflect from any object stealing through space. The waves that bounce back would provide information as to the object's orbit and speed.

This would be in addition to the relatively simple means that exist for checking on satellites that emit regular signals as they make their rounds.

The Pentagon shared the assignment between the Army and Navy, as follows:

Navy—it is to strengthen satellite tracking stations already in operation at San Diego, Calif., and Blossom Point, Md.

Army—it will build a transmitter station at Ft. Sill, Okla., with one receiving station at White Sands, N.M., and another about 200 miles east of White Sands.

# Riot-Torn Lebanon Greets Dag

## ... Rebels Hold Fire

Beirut, Lebanon (AP) — Dag Hammarskjold arrived here Thursday on a mission that may determine whether the Western powers intervene directly in Lebanon's rebellion.

The U.N.'s spreader of diplomatic balm was greeted by the quietest time this troubled country has had in more than a month. Rebel leaders had agreed to hold their fire while the secretary general is visiting here. But rebels continued to man trenches and roadblocks in Beirut.

Most Lebanese, after 41 days of battles, riots, strikes, bombings and shootings in the effort of political factions to overthrow pro-Western President Camille Chamoun, were looking for any solution that would bring peace.

They hoped Hammarskjold, with his prestige and his record of settling previous middle east problems, would hit on a solution here too.

Officially, Hammarskjold was here to confer with the 3 leaders of a U.N. observation team ordered by the Security Council to see that arms and men from the neighboring United Arab Republic do not reach the rebels.

# BRINK'S JOB ACCESSORY BUMPED OFF

Boston (AP) — John J. (Fats) Buccelli, 44, accessory in the 1950 Brink's $1,219,000 robbery, died a gangland death Thursday as he sat at the wheel of an expensive automobile.

The slayer pumped a bullet into the back of the pudgy Bucelli's head and then rammed the automobile into the rear of a parked truck in an effort to fake an automobile accident.

Medical Examiner George W. Curtis called it murder.

Buccelli was released just a month ago from the House of Correction where he was sentenced to two years after pleading guilty to being accessory in the world's biggest robbery.

Scene of the murder, ironically, was in the general vicinity of the office where Buccelli and Edward (Wimpy) Bennett, 39, had hidden about $60,000 of the Brink's loot in a picnic cooler. It never was revealed how they acquired the stolen cash.

## 1,000 Expected To Attend Blair Lutheran Meeting

Blair, Neb. (AP)—The 62nd annual convention of the United Lutheran Church opened here Thursday night.

Among the business before the group are resolutions concerning the proposed 1961 merger of the United Lutheran Church with the American Lutheran and Evangelical Lutheran bodies.

The new body, to be called the American Lutheran Church, would have a membership of over 2 million.

The convention continues through next Tuesday. A thousand delegates and guests are expected from all parts of the United States and Canada.

Other business will include consideration of a special forward phase fund of $250,000 of which $205,000 will be earmarked for Dana College.

# Mennonite Meet Gets Under Way At Milford

## Homes For Aged Among Projects To Be Considered At Gathering

Milford, Neb.—The 52nd annual meeting of the Mennonite Board of Missions and Charities, Elkhart, Ind., convened at Riverside Park, north of Milford, Wednesday. The Board represents more than 65,000 constituents in the U.S. and Canada and conducts mission work in 17 countries overseas with a total of 164 missionaries.

Bishop John H. Mosemann, Goshen, Ind., chairman of the Board, opened the annual meeting by calling for a study of the Board's total program, unit by unit: relief and service, health and welfare, home missions, foreign missions, and broadcasting.

The Rev. C. N. Hostetter, Grantham, Pa., chairman of the Mennonite Central Committee, Akron, Pa., official Mennonite relief agency, introduced the discussion on "The Living Church in Action through Relief and Service" on Wednesday evening following testimonies from overseas relief workers. Mennonite Central Committee sends relief supplies and workers to Europe, Jordan, Indonesia, Hong Kong, Korea, Japan, and South America.

The Board will consider ways for helping overseas churches become more nearly self-supporting.

Another new development in the mission program under consideration this year will be the establishment of a literature department.

**The Health and Welfare section of the Board is seeking ways of providing long term care for aging persons. Three of the 5 hospitals operated by the Board have added this service in the past several years. In addition the Board operates 4 homes for the aged, one each in Ohio, Michigan, Illinois and Nebraska.**

A new development in home missions which will be reviewed is the Bible correspondence program. Home Bible studies provide Bible lessons free to those who request them.

The national Women's Missionary and Service Auxiliary opened its annual meeting on Thursday. The women's organization is composed of district and local units who promote mission interests among the women and girls of the supporting churches.

Other national organizations meeting on Saturday include the Mennonite Nurses Association and the Mennonite Youth Fellowship, representing youth groups throughout the USA and Canada.

## TeSelle Accepts Michigan Position

Fremont, Neb. (AP) — Superintendent of Schools Lloyd TeSelle, 49, resigned Thursday to accept a similar post at Lakeview, Mich., a suburb of Battle Creek.

TeSelle

TeSelle who had been getting $11,400 at Fremont, including a $1,000 car allowance. He said his Michigan salary would be in the $13,000-$18,000 range.

TeSelle came to Fremont from Fairbury, where he had been superintendent. Prior to that he had been junior and senior high school principal at Fremont.

The Fremont board, accepting TeSelle's resignation, announced no plans for a successor.

## Japan Handed Soviet Warning

London (AP) — The Soviet Union has warned Japan against the dangers of allowing its territory to be used as a base for nuclear weapons, Moscow Radio said Thursday. This is the same warning issued earlier to another Asian ally of the United States, Pakistan.

The United States has bases in Japan under a mutual security pact, but has no nuclear weapons there.

## Stock Prices Take Beating

New York (AP) — The stock market Thursday took its worst setback since May 14 as a late wave of selling did most of the damage to prices.

The quoted value of stocks listed on the New York Stock Exchange fell an estimated $1,929,000,000 based on the fall in The Associated Press average.

It was a general decline with rails and industrials hit hard and utilities holding their ground fairly well except for American Telephone which lost 1⅛ in an exceptionally wide move for this stock.

The fall in stocks was accompanied by a sharp drop in government bonds. This as well as the retreat in stocks was linked by Wall Street observers to reports in financial circles that the Federal Reserve Board was planning a return to a tighter money policy. But the decline in stocks was also attributed greatly to profit taking.

The worst losses were taken in the final half hour.

Key stocks fell from fractions to 2 points or more.

The Associated Press average of 60 stocks dropped $1.50 to $173.20, its steepest loss since May 14 when it fell $1.90. The Industrials fell $1.70, the rails $2.40 and the utilities 40 cents.

The 1,227 issues traded made Thursday's the broadest market since last Dec. 31 when 1,252 issues were traded. Of Thursday's total 793 fell and 220 rose. New highs for the year totaled 58. There were 5 new lows.

Volume was 2,690,000 shares compared with 2,640,000 Wednesday.

Ten of the 15 most active stocks declined, three rose and two were unchanged.

American Stock Exchange prices were mixed on volume of 1,040,000 shares compared with 1,030,000 Wednesday.

## Grain Prices Are Steady

Chicago (AP)—Most grain futures contracts began and finished within a steady price range on the Board of Trade Thursday.

Influences were minor or absent and nearly all price shifts were within minor fractions of a cent a bushel in a rather slow trade with rye and the distant wheat contracts under the most selling pressure.

The nearby corn deliveries had the steadiest support, as they have had recently, mainly because of continued light cash receipts and dwindling supplies in commercial positions.

Wheat held steady in early dealings on a good milling demand but there appeared to be an underlying bearish sentiment from the start and the slightest tendency toward firming prices brought alert profit-takers quickly to the selling side.

Wheat closed 1 cent a bushel higher to 1⅜ lower, July $1.84⅛-¼; corn ½ higher to ¼ lower, July $1.31⅞-32; oats ⅛-¾ higher, July 63¼; rye ½-1 cent lower, July $1.26¼; soybeans ½ higher to ⅜ lower, July $2.24½-¼; lard 5 to 22 cents a hundred pounds higher, July $12.50 bid.

Oats contracts were the exception today to a generally weak grain futures market.

Wheat came under fairly broad liquidation and prices were beaten back as much as 2 cents a bushel at times with the biggest loss in the deferred contracts.

Oats held small gains most of the time on light processor demand but rye weakened under profit-taking. Corn and soybeans were irregular, only slightly above and below previous closes most of the day.

Carlot grain receipts in Chicago were estimated at: wheat 5 cars; corn 142; oats 13; rye 2; barley 4 and soybeans 10.

## Hog Prices At Highest Level

Omaha (AP) — Hog prices here Thursday were at the highest level since July 7, 1954. The extreme top reached $25.25. Butchers ruled 50 to 75 brighter. Sows advanced $25.50. The supply on sale was moderate.

Cattle were generally steady on a small run.

Slaughter lambs were steady to weak.

**OMAHA**

**Hogs:** salable Thursday 5,800; active, barrows and gilts fully 25 to mostly 50-75 higher; sows 25 to mostly 50 higher; U.S. No. 1 and 2 195-250 lb barrows and gilts 24.50-25.00; 60 head No. 1, 210-230 lbs 25.25; mixed No. 1, 2, and 3, 190-270 lbs 23.50-24.35; No. 2 and 3, 270-300 lbs 22.75-23.50; mixed grade sows 270-550 lbs 18.75-22.00; few under 300 lbs 22.25; one lot No. 1 smooth gilt-like sows near 265 lbs 23.00.

**CHICAGO**

Relatively few butcher hogs sold Thursday at the highest price in almost four years.

Buyers paid the top price, $25, for 125 head of 200-215 lb sorted No. 1 grade while the market in early trade was 25 to 50 cents higher. Later it was slow and steady to 25 cents higher.

The $25 high equaled the previous top paid on July 14, 1954. Other No. 1 grade lots brought $24.75 and up and several lots of 195-225 lb 1 and 2 grades $24.25-24.50. The 190-230 lb 2-3 grades were 23.75-24.25 and heavier weights $22.50 and up.

Sows brought $18-21.25 with the market for that class strong to 50 cents higher.

Slaughter steer offerings were scarce and prices were steady. A few small lots of high choice and prime brought $28.25-29.50 and good to average choice $25-27.75. There was only one load of standard and low good kind which went at $24.

Vealers were $28-31 for good and choice grades with prices steady and heifers were scarce and steady with high choice and low prime going at $27.40-28 and the good to average choice at $24.50-27.25. Utility and commercial bulls brought $23.25-25 and prices were steady to weak.

All slaughter lambs sold at steady prices with high choice and prime springers bringing $25.50-26 and good to average choice $23-25. Old crop lambs grading utility to choice were $17-19.50 and slaughter ewes $6-7.50 for good and choice kinds.

**Hogs:** 6,500; 25-50 higher through midsession, later steady to 25 higher; No. 1-3, 190-230 lbs. 23.75-25.00; 240-270 lbs. 23.25-23.75; 280-300 lbs. 22.50-23.25.

### BOND MARKET

New York (AP)—U. S. government bonds were down sharply in heavy trading Thursday. Losses ranged out to a full point.

The corporate market declined under active selling pressure. Investment quality corporates posted losses from major fractions to more than a point. Rails, industrials and utilities also eased. Only foreign dollar bonds resisted the downtrend by closing firm.

Corporate trading mounted to $6,272,000 par value on the big board from $4,190,000 Wednesday.

### No Treasure Found

Moscow (AP)—You can write off the legend of the Mata-Tash treasure. The Moscow News reports a mountaineering group headed by Andrei Gromov has finally scaled the cliff to the Mata-Tash cave, high in the Pamir Mountains of central Asia and found: (1) vulture eggs, (2) some rotted bits of fabric evidently carried in by eagles, (3) no treasure. The 200-year-old legend, which a lot of Alpinists had tried vainly to check, was that a Chinese army, trapped and dying, cached riches in the cave.

# Son Held After Dad Rescued

Stayton, Ore. (AP)—A former chief of police in this small western Oregon town was accused Thursday of penning up his 88-year-old father in squalor inside a 100 by 100 foot enclosure.

"The conditions there nearly made me cry," said C. L. Marsters, a deputy district attorney, after inspecting the electrically fenced in area where the emaciated old man was found by police.

The son, Daniel George Cole, 60, was arraigned at nearby Salem on a charge of assault and battery. Police methodically kicking his father and reviving him by pouring water on him.

They took the father, Eugene W. Cole, to the Santiam Memorial Hospital. Attendants there said he was suffering from malnutrition, but that he was in fairly good condition after a night of rest and a meal.

**Continued**

The son asked for time to get an attorney and the arraignment was continued until Monday. In the meanwhile he was held in lieu of $2,500 bail.

Police Chief Everett Norfleet said the son had rigged a 2-strand electric fence in his back yard around a small, dirty trailer and kept his father there the last 4 years. Inside the trailer was a makeshift bed with rags for bedding, said Norfleet. There was no plumbing or food. There was a dish and a spoon, chained to a table.

Norfleet said the younger Cole told him he had put up the fence to keep his senile father from wandering away.

## New Yorker Elected Head Church Group

Omaha (AP)—Dr. O. Clay Maxwell, 73, New York City pastor, was elected president of the National Sunday School and Baptist Training Union Congress.

He defeated Dr. E. C. Estell, Dallas, and the Rev. Stephen Campbell, Detroit.

The congress named the Rev. Martin Luther King Jr., 29, Montgomery, Ala., as vice president.

The congress is an organization of Negro clergymen and religious education and the annual session is being attended by about 18,000.

The Rev. J. H. Jackson, Chicago, president of the National Baptist convention, in an address said that what seems to be a trend in the United States toward religion "is born of the desperation of the age and the impending destruction of atomic warfare."

"People realize the efficiency of man in science will not save our civilization," he said. "Nations realize this, too. The United Nations is an outgrowth of the belief. And it has found it can't formulate the peace and goodwill it desires. Now man's attention is turned to space and God—both upward trends."

Dr. Jackson, who has preached in Russia, Yugoslavia and Hungary, said a yearning for God exists behind the iron curtain.

"Russians who came to our services were passionate in religious devotions," he said. "After we finished, many asked us to repeat the service."

"Religion can never be killed by government edict," Dr. Jackson said. "There's something about the spirit of man that makes him long for religion."

## Traffic Death List Adds 1 As Another Dropped

The State Accident Records Bureau has added one name to its list of 1958 traffic death victims, but removed another name to leave the total at 125. A year ago at this time, 114 fatalities had been recorded.

Added to the list was Haswell W. Grant, 58, Casper, Wyo.

Accident Records Bureau Director Robert Pease said Grant died at Methodist Hospital in Scottsbluff June 4 as the result of a one-car accident April 11 on U. S. 26 two miles north of Minatare.

Removed from the list was the name of Raymond K. Huffman, 57, of Red Cloud, who was involved June 11 in a one-car accident on U. S. 281 north of Red Cloud.

Pease said that on the basis of an autopsy, a coroner has held that death resulted from a heart attack.

### 1958 Management Opportunity

A fast growing multi-million dollar national company will now start selecting key personnel in preparation for a huge expansion program in this territory. There will be a large and immediate need for managers and supervisors during the first part of July. This will present an excellent opportunity for ambitious and aggressive men who lack college education, normally required for positions of this type. Formal education will not be the determining factor. Men who want to start the new year with a brilliant future in view and a position of real security and responsibility will find this exactly what they are looking for. If you qualify, you should be capable of earning $100 to $125 per week and have a wonderful chance of obtaining management in a very short time with an income of $750 to $850 per month.
See Jack Fester at the Cornhusker Hotel, Friday, June 20, 1958 from 3:00 to 6:00pm. 20

# House Votes Billion Dollars For Public Works Projects

Washington (AP) — The House voted more than a billion dollars for public works projects Thursday.

By a vote of 360 to 18 it passed and sent to the Senate a bill carrying $1,077,827,000, the bulk of which is to be used by Army engineers and the Reclamation Bureau to plan, build and operate navigation, flood control, beach erosion, reclamation and power projects in the year starting July 1.

Approval of the bill came just 24 hours after the House passed another bill which would authorize future construction of 1½ billion dollars in water projects. This authorizing bill now is with a House-Senate conference committee which will compose minor differences between the 2 branches.

Of the total in Thursday's bill $782,424,000 is for Army engineers; $246,739,200 for the Reclamation Bureau; $30,104,000 for the Bonneville Power Administration; $735,000 for the Southeastern Power Administration; $975,000 for the Southwestern Power Administration, and $16,850,000 for the Tennessee Valley Authority.

**Some In Other**

Some of the funds provided in the bill are for projects in the authorizing bill, which still needs final congressional approval and an okay from President Eisenhower.

The President has twice vetoed somewhat similar authorizing bills but Republicans have said the House and Senate compromise bills, drafted after conferences with administration officials, are acceptable to Eisenhower.

In debating the money bill the House beat back a score of amendments and accepted only four.

**The bill included $1,790,000 for the Bostwick Division in Nebraska and Kansas; $11,000,000 for the Glendo Unit in Wyoming; $1,100,000 for the Ainsworth Unit in Nebraska; $750,000 from the Farwell Unit, and 2½ million for Frenchman-Cambridge Project.**

Also included were Missouri River channel stabilization funds. For Sioux City to Omaha $5,700,000 was allocated; Omaha to Kansas City $3,000,000. Two and one-half million was earmarked for agricultural levees along the Missouri in Iowa, Nebraska, Kansas and Missouri, and one million for Kenslers Bend, Neb., to Sioux City, Ia.

## Feet Hurt

Dayton, Ohio (AP)—The businessmen in downtown Dayton weren't getting their mail these past 2 weeks and they wanted to know why.

Postal inspectors looked into it and learned why.

They said Joseph Turner, 53-year-old Dayton postal carrier, had deposited 985 pieces of mail in the basement of a downtown building.

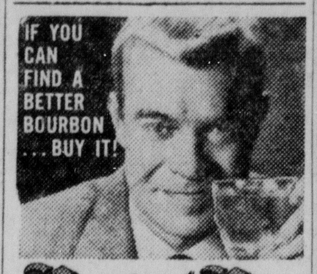

Asked what caused the relapse in duty after 22 years as a postal carrier, Turner's explanation was simple.

"My feet hurt."

## May Resign

Newark, N.J. (AP) — Republican congressional candidate John P. Langan said he will submit his resignation as a candidate if presidential aide Sherman Adams remains in his present position.

Langan said he feels that Adams is "too great a liability to carry" and sees "no reason why the Republican party should be saddled with him."

## Ex-Realtor Mr. Mahaffey Funeral Set

*... Saturday*

Funeral of Curtis S. Mahaffey, 75, of 325 No. 34th, who died Wednesday in Willmar, Minn., will be 10 a.m. Saturday at the First Christian Church, the Rev. C. L. Wilson officiating.

Burial will be at Wyuka, with Masonic services at graveside by Lincoln Lodge 19, AF & AM.

Mr. Mahaffey was injured Saturday, June 14 in a fall at a resort near Willmar.

A native of Harstville, Ind., Mr. Mahaffey was a retired realtor. He had lived in Lincoln over 50 years and was past master of Lincoln Lodge 19, AF & AM, past patron of Temple Chapter 271, Order of the Eastern Star, and secretary-treasurer of the New Masonic Temple Assn.

He was also a member of the First Christian Church.

Survivors include a daughter, Mrs. Laurence M. Parker of Lincoln; sons, Harold C. of Sidney, Paul R. of Wichita, Kan.; brother, Arthur of Columbus, Ind.; sisters, Mrs. Grace Russell and Mrs. Eve Sidener of Indianapolis, Ind., Mrs. Cordie Cooper of Newbern, Ind., and 6 grandchildren.

## 43 Rescued

Tokyo (AP) — All 43 crewmen were rescued from the Japanese freighter Higashi Maru. She ran aground in the Batanes Islands of the northern Philippines with 4,000 tons of fertilizer and 2,000 tons of steel.

## Webb To Wed

Burbank, Calif. (AP)— Television actor-producer Jack Webb and former beauty queen Jackie Loughery took out a marriage license. Webb gave his age as 38, Miss Loughery 28. They did not say when or where they will be married.

## Moscow Breaks Talk With British On Cultural Swap

London (AP)—Moscow has broken off negotiations for a cultural exchange agreement with Britain over British insistence on mutual freedom of travel, a ban on radio jamming and such matters.

A British spokesman, commenting on the breakdown, refused to take a dim view but indicated Britain will stick to its campaign for free communication across the Iron Curtain.

Russia, in a note, accused the British Council of taking a negative position and introducing issues holding deep differences between the 2 nations. The British council is a government-sponsored cultural agency.

Last April, Britain in a message to Moscow suggested that before a cultural plan can be reached, other questions should be settled. These questions included such matters as Soviet jamming of BBC broadcasts, sale of books and periodicals and unrestricted travel by diplomats and journalists in the Soviet Union.

### Just A Precaution

London (AP) — Some British atomic power stations are being modified so they may also produce plutonium for military use. Plutonium triggers nuclear weapons. The defense ministry said the aim is precautionary.

### German AF Grows

Munster (AP) — West Germany expects to have 4 fighter-bomber wings by the end of 1958. Air Force Maj. Gen. Martin Harlinghausen said each wing will have 75 American-built F84 jets.
